## Deaths, Injuries And Property Loss Hit New Peak On County Highways In '54; 15 Lives Lost

State police investigated fewer accidents during 1954, but there were more people injured, more killed and property damage reached a new high according to the annual report of their activities completed by the local substation of the State Police.

The records show that 15 persons were killed, 283 were injured and property damage totaled \$275,933.50 in 364 auto accidents during the year.

That compares to 374 accidents in which 11 were killed and 280 injured and property damage totaled \$250,103 in 1953 and 301 accidents in which 17 were killed, 238 injured and property damage totaled \$164,411 in 1952.

**1,123 Traffic Arrests**

There were 316 criminal investigations made by state police in 1954 as compared to 325 in the prior year. In 1954 the officers made 196 arrests on criminal charges as compared to 198 in 1953.

A total of 1,123 arrests on traffic code violations were made, as compared to 1,196 in the prior year.

Police recovered ten cars during the year, with a total value of \$7,835 as compared to ten autos recovered, valued at \$8,765, in the prior year. Other property recovered by the police in 1954 was valued at \$1,355.50. In 1953 the amount recovered was valued at \$905.

The officers spent 4,246 hours on criminal investigations last year, 14,706 hours on traffic duty, 14,825 on station duty and 3,397 on special assignments. During the year they traveled 248,180 miles in performance of their duties, and conducted 5,012 traffic patrols. The number of patrols was higher than in the prior year when 4,481 were made.

**December Report**

The report of December activities completed at the same time as the annual summarization of activities shows 31 accidents last month, in which 27 were injured, two were killed, and property loss was \$20,502. The officers spent 312 hours on criminal investigations, 1,098 hours on traffic duty, 1,247 on station duty during the month.

They made 366 traffic patrols in December, conducted 18 criminal investigations, investigated 31 accidents and made 86 traffic and 22 criminal charge arrests.

## SINKING FUND COMMISSION IS ABOLISHED AS DEBT IS PAID

Adams County's Sinking Fund Commission, after more than 35 years service, was abolished Wednesday afternoon.

The vote ending the commission came from its members who found that at long last they had completed the work assigned to them about 1920.

Set up to retire the county's debt, the commission succeeded in its task. The county now has outstanding bonds of \$6,000. The Sinking Fund Commission, when it made its final check Wednesday, discovered it had \$6,283.01 on hand. When the commission abolished itself, it placed the \$6,283.01 in the general fund of the county, and directed that the last \$6,000 in bonds be paid from the general fund. Thus the county actually will gain \$283.01 from the sinking fund's operation over the year—in addition to paying off a massive amount of debt on the road bonds. In addition to paying off a massive amount of debt during that time.

## Bonds Not Callable

Members of the Sinking Fund Commission were County Commissioners Karl J. Smith, G. Ed Taughnbaugh and J. Blaine Bushey, Auditors George M. Conover, Henry M. Herzh and Arthur M. Welkert and County Treasurer Jacob G. Appier. They were of the opinion that the sinking fund was set up in 1920 when \$100,000 in road bonds and \$50,000 in bonds for general purposes of the county were issued. Since that time the sinking fund commission has paid off all but the \$6,000 still owing on the road bonds. In addition \$50,000 worth of bonds issued to pay for the county's new jail were paid. The road bonds, they explained, would have been paid off long ago but for the fact that when they were sold no provision was made to permit the bonds to be called before the maturity date listed on them. The sinking fund commission members noted that oversight 35 years ago cost the county quite a sum in interest over the years.

But a check of the files of newspapers of 1920 show that the county apparently was well in debt at that time, and the \$150,000 worth of bonds paid off by the sinking fund was just a part of the debt.

## Road Building Era

According to the files of the newspaper, 1920 was a year when great strides were being made in road building. World War I was over and

## Ike Appeals For Bi-Partisan Harmony To Win Lasting Peace In His State Of Union Speech

By MARVIN L. ARROWSMITH  
WASHINGTON (AP)—President Eisenhower appealed today for bi-partisan harmony and told the new 84th Congress both parties are "on trial" in the free world's struggle to win enduring peace and prevent an atomic "holocaust."

In a State of the Union message noting the shift in control of Congress from Republicans to Democrats, the President declared America's prosperity outlook "is good"—that "business activity now surges with new strength" and that personal income after taxes is "at a record level."

## Progress Justifies Hope

As for the international situation, year "there has been progress justifying hope, both for continuing peace and for the ultimate rule of freedom and justice in the world."

The President spoke of the free nations being "collectively stronger than at any time in recent years." He mentioned the new eight-nation Southeast Asia Security Treaty and said it—along with other United States pacts with Australia, New Zealand, the Philippines, Korea and Japan and "our prospective treaty" with Nationalist China—stands "as solemn warning that future military aggression and subversion against the free nations of Asia will meet united resistance."

## Ticks Off Examples

And alluding indirectly to recent French Assembly approval of West German rearmament, he said, "The defense of the West appears likely at last to include a free, democratic Germany participating as an equal in the councils of NATO."

Ticking off other examples of the free nations forging "new bonds of unity," he referred to the Caracas and Rio de Janeiro conferences where, he said, the American republics "closed ranks against imperialistic communism and

## Cook Held For York Court For Burglary

Robert James Cook, 24, Gettysburg, formerly of York, Wednesday night was held for action of April grand jury in York after he admitted at a hearing that he had burglarized his brother's apartment last week. He was returned to York County jail.

The hearing was held before Seventh Ward Alderman Paul C. Barnhart.

Testifying against Cook were his brother, Charles and his wife, of York; City Patrolman William D. Quicker and Detective Russell A. Myers. Charles Cook claimed that his brother took \$75 in cash, a wrist watch, some jewelry and numerous articles of clothing.

The clothes and \$320 were recovered. Robert, who claimed he was drunk at the time, said he and a friend spent the missing money.

## ENSEMBLE HAS WON PRAISE OF MANY CRITICS

The program of the Italian string ensemble known as the Societa Corelli was praised recently by one of America's foremost music critics. Speaking of a concert given in December, in New York's Town Hall, Olin Downes, music critic of the New York Times, called the concert "a delight to the ear and to the understanding."

The Societa Corelli will make its Gettysburg debut Monday evening at 8:30 o'clock in Christ Chapel. It will be the second in the series of three Community Concerts for the current season. Dr. Jacob W. Heikinen is president of the Community Concert Association.

## 14 Instruments In Group

The group consists of 14 string instruments, and it plays without a conductor. It is named after the composer Arcangelo Corelli (1653-1713), who has been called "one of the towering geniuses of the classical period in Italy."

Mr. Downes, reviewing the concert of last month, said, in part: "It is regrettable that New York City as a whole was not aware of half of its merits, or (Town Hall) would have been packed. . . . There was not a poor or hackneyed composition on the program, and the performances were a delight to the ear and the understanding."

"They have a wonderfully rich and entertaining repertoire, which comes from what we may call a golden age of delightful chamber music of two centuries in Italy. Her seventeenth and eighteenth centuries have long been known as the 'golden age' of song. Too little has been known of the music that was produced with such prodigality, spontaneity, and skill, especially for the strings."

## J. William Kendlehart Is Dismissed From State Job; Michael Thear Transferred

The "political bombshell" that many Republicans and Democrats have been expecting ever since last April, exploded with full force on Wednesday when J. William Kendlehart Jr., of Gettysburg, a veteran employee of the Pennsylvania Department of Highways, was discharged "without cause." He had been superintendent of highways in Carbon County since last April when he was "transferred" to that area at the request of a few Adams County politicians.

John H. Basehore, chairman of the Adams County Republican Committee, who was unaware of and who opposed Kendlehart's transfer nine months ago, was also unaware that he was discharged until informed of the dismissal several hours after it had been directed by the Governor's office.

Michael Thear, superintendent of highways in Adams County since last April when he was transferred here from Carbon County, Thursday afternoon was ordered to report to the District Five office, at Allentown, Friday morning, for re-assignment. He may be returned to Carbon County, his previous territory.

**Sharrah Gets Post**  
Allen Sharrah, Orrtanna R. D., assistant superintendent in the local office, becomes acting superintendent in Adam County Friday morning. He is a veteran of about 20 years, except for the term of Democratic Governor George H. Earle. Kendlehart also was relieved of his duties during that administration. He has about two years to serve before retirement.

Basehore's only comment was: "I think it is a miserable piece of political business, poor political judgment and it bears all the earmarks of a personal grudge involving two or three alleged politicians who were bent on driving Mr. Kendlehart out of office. Most of the right thinking people in the county are thoroughly aroused and indignant over the dismissal."

**"Political Blunders"**  
Kendlehart's transfer and his dismissal Thursday have been labelled by veteran politicians as "the biggest political blunders committed by a Republican Governor in many, many years."

Kendlehart had been ordered transferred early in 1954. A shower of protests poured into the Governor's office and the office of the Highway Secretary. The "deluge" was sufficient to "frighten" some officials who exerted sufficient influence to have the transfer recalled. However, the "influence" didn't last and last April Kendlehart was dismissed.

**The National Foundation for Infantile Paralysis** received calls for financial aid from 17 Pennsylvania Chapters for a total of \$121,413. The largest sum, \$23,613, was advanced to Fayette County, which is still recovering from the outbreak of 1953. Hard-hit Lancaster County received \$20,200. Other Pennsylvania Chapters to receive National Foundation aid, Mr. Hilton reported, were: Armstrong, \$1,300; Bradford, \$8,400; Bucks, \$3,700; Cambria, \$8,000; Carbon, \$2,800; Clarion, \$7,300; Clinton, \$6,000; Franklin, \$5,000; Fulton, \$4,100; Greene, \$1,500; Hazleton, \$10,800; Lycoming, \$1,500; McKean, \$6,100; Pittston, \$7,800; and Potter, \$2,300.

## 11-Year-Old Boy Breaks Left Leg

William H. Plank Jr., 11-year-old son of Mr. and Mrs. William H. Plank, 644 York St., broke his left leg Wednesday afternoon when he fell in the schoolyard of St. Francis Xavier Catholic School, where he is a fifth grade student. His leg fell under him, and the break occurred between the knee and the ankle.

He was removed to the Warner Hospital where the fracture was reduced. He was taken home Wednesday evening.

## BARLOW FIRE EVENT FEB. 16

February 16 was set as the date for the annual Ladies Night program by the Barlow Fire Company at its regular meeting in the fire house Wednesday evening.

Fire Chief Bernard V. Miller and Assistant Harry Marling and Heywood McCleafe were named as the entertainment committee. Selected as the refreshment committee were Clarence Marling, George Geiselman, John Marling, Grover Yingling, Russell Durbin, Mervin Benner, Alfred Ferner and Glenn Mummert.

Newly elected officers were installed at Wednesday's meeting. They included Kenneth McCleafe, president; Lake Ridinger Jr., vice president; John Schwartz, secretary; Emory Fox, Treasurer; Chief Miller; First Assistant Chief and equipment foreman Marling; Second Assistant Chief McCleafe; Edwin Benner, chaplain; John Plank, assistant chaplain and David Reaver, trustee.

The group voted to purchase a quantity of new firemen's helmets and also voted to construct an addition to the present fire hall for the placing of toilets.

## FINED \$10 AND COSTS

James A. Jones, Dauphin R. 1, pleaded guilty to a charge of disorderly conduct, and paid a \$10 fine and costs to Justice of the Peace John H. Basehore. Borough police had arrested him earlier in the evening on N. Washington St., for making "loud, boisterous, and other unseemly noises."

## Engagements

**Lehr-Brandt**  
The engagement of Ruth Brandt, daughter of Mrs. Bertha Brandt, East Berlin, and the late Verne Y. Brandt, was announced recently to Donald Eugene Lehr, son of Mr. and Mrs. Ivan R. Lehr, Thomsville R. 2. No wedding date has been set. Miss Brandt was graduated in 1954 from East Berlin High School. Her fiancé is employed by his father.

**McCurdy-Myers**  
Mr. and Mrs. Charles F. Myers, Dillsburg R. 2, have announced the engagement of their daughter, Margaret J., to Kenneth E. McCurdy, son of Mr. and Mrs. Harry McCurdy, Dillsburg. Both are graduates of Dillsburg High School in 1952. The bride-to-be is employed at Shenandoah Floral Manufacturing company, Mechanicsburg. Her fiancé is a student of Drexel Institute of Technology. No date has been set for the wedding.

**Yingling-Maust**  
Miss Vicki Allene Maust, daughter of Mr. and Mrs. Arthur A. Maust, 238 Baltimore St. and Mark J. Yingling, son of Mr. and Mrs. Jacob C. Yingling, 338 S. Washington St., were married December 31 by the Rev. Wallace E. Sawdy, assistant pastor of St. Francis Xavier Catholic Church, Gettysburg.

**Sanders-Jones**  
Miss Mildred Glais Jones, daughter of Mr. and Mrs. William L. Jones, Maplesville, Ala., and A. C. Clair F. Sanders, son of Mr. and Mrs. Charles L. Sanders, 406 S. Washington St., were married December 30 in the Craig Air Force Base chapel at Selma, Ala., by the Rev. Fr. Thomas M. Jellicoe.

The bride wore a pale blue satin dress, a white nylon coat and a corsage of gardenias. S/A and Mrs. Donald W. Baker, Selma, Ala., were the attendants.

The newlyweds are honeymooning at the home of the former's parents in Gettysburg. Upon their return to Alabama they will reside at 703 Washington St., Selma.

Airman Sanders, who recently re-enlisted for six years in the United States Air Force, is stationed at the Craig AFB. His return to Gettysburg marked the first time in two years in which he has seen his brother, Robert J. Sanders, who is home on leave from Newport, R. I.

**Check Passer Is Turned Over To AF**  
James I. Rickrode, arrested Tuesday for passing fraudulent checks, was turned over to authorities from Olmsted Air Force, Middletown, by borough police Wednesday morning. He was AWOL from Camp Kilmer, New Jersey.

Rickrode, a Mt. Holly Springs resident, cashed two checks with Gettysburg merchants shortly after his arrival in town, Tuesday morning. He tried to cash two more, but was caught and arrested.

District Attorney Daniel E. Teeter stated Wednesday that since the Air Force wanted him, the county might not press the bad check charge. Rickrode has admitted his offense, and restored most of the money.

**STOCKS DROP AGAIN**  
NEW YORK (AP)—The stock market dropped again today, but recovery from the fall made good progress.

MISSION ENDS  
FRIDAY NIGHT;  
LARGE CROWDS

"The Biggest Business in the World" was the subject of the sermon presented by the Rev. Dr. Ira S. Sassaman, Williamsport, at the preaching mission service on Wednesday evening in St. Paul's Lutheran Church. The speaker told the large congregation that "the biggest business in the world is anyone undertaking the work of the Kingdom of God and we should all be helping with this work of winning souls to God."

The worship with in charge of the Rev. Herman E. Stenger, pastor of Centenary Methodist Church, who gave the invocation; led the responsive reading; read the Scriptures; offered prayer received the offering and pronounced the benediction at the close of the service. The choir of Centenary Church sang the anthem "Remember the Sabbath Day," accompanied by Mrs. Winfield A. Lippy, organist at the host church, who presided at the console throughout the worship.

The Rev. Dr. Sassaman will use as the theme for his message this evening "The Suffering Saviour." The service will begin at 7:30 o'clock in St. Paul's Church and will be conducted by the Rev. Arthur E. Leeming, supply pastor of Redeemer's Reformed Church. Following the mission service, the members of the Littlestown Ministerium and their wives will enjoy a social gathering at St. Paul's parsonage with the Rev. and Mrs. David S. Kammerer as hosts. The affair is being held in honor of Dr. Sassaman.

The annual preaching mission will close on Friday evening, when the speaker will deliver a sermon on the subject "The Last Chance." The service will be in charge of the Rev. Mr. Kammerer, pastor of the host church, and the Rev. William C. Karns, pastor of St. John's Lutheran Church, and president of the Littlestown Ministerium, which organization sponsors the preaching mission.

**Rally on Saturday**  
A special rally will be held in the Southern Methodist Church, Crouse Park, on Saturday evening at 8 o'clock. Rev. Paul Heiser, Mt. Holly Springs, will be the guest speaker. Holy Communion will be distributed during the worship service on Sunday morning at 11 a.m.

Members of the Senior Choir of St. Paul's Lutheran Church will have rehearsal this evening, about 8:45 p.m., following the preaching mission. The choir will sing at the mission service on Friday at 7:30 p.m. The first meeting of the 1955 catechetical class of Christ Reformed Church will be held on Saturday afternoon, 1:30 p.m., at the church. The pastor, the Rev. G. Howard Koons, has requested that all boys and girls of catechetical age of the congregation attend the meeting.

Members of the Ladies' Aid Society of Grace Lutheran Church, Two Taverns, and their families will enjoy an old fashioned party on Friday evening at 7:30 o'clock in the parish hall.

Head Off, Chicken  
Keeps On Running

SAN ANTONIO, Tex. (U)—Mrs. W. T. Gilcrease says one of her chickens whose head was cut off Saturday has been running around for four days. "I simply don't know what to do," she said. It makes me feel kind of funny to be around a bird that's supposed to be dead but isn't."

**CHIMNEY FIRE**  
Slight damage was caused by a chimney fire at 11:20 Wednesday morning at the home of Charles Shriver, Littlestown R. 2, about five miles southeast of the town. Alpha Fire Co., Littlestown, responded to the alarm with one truck.

The U. S. Department of Labor says the number of mechanics and repairmen has doubled in the past 10 years.

BURNELL KEAGY  
NEW PRESIDENT  
FOR FIREMEN

Burnell R. Keagy was elected president of the Alpha Fire Company No. 1 at the January meeting held on Tuesday evening in the engine house. Mr. Keagy succeeds Robert C. Koontz.

Others elected to office were: George E. Hornberger, vice president; Harry W. Badders, secretary; Paul E. Alfoff, treasurer; Glenn E. Ohler, fire chief; Frederick Kauffman, pipe foreman; Lloyd Harner, chief nozzlemaster; Dennis S. Wallick, truck foreman; Fred C. Sentz, drill team captain; Melvin Shildt, trustee for five years. The nominating committee included Bernard M. Selby, chairman, Jay D. Basehoar and John Burgoon. Mr. Selby served as judge of elections and the tellers were Ivan D. Rickrode and Lake A. Shandbrook. Three new members were also elected to membership: Raymond E. Clabaugh, Earl Munderhoff and Wilmer L. Dutterer.

Fire Chief Ohler presented his annual report of the company's fire calls during 1954 as follows: Eleven calls in the borough with a total loss of \$125; ten calls in Germany Twp., total loss \$935; six calls to Union Twp., total loss \$50, which is a total of 27 calls in the Littlestown Fire Zone, with a total loss of property amounting to \$1,110. There were five calls to Mt. Joy Twp., with no property loss and five assist calls to Carroll Co., with a loss of \$35,000. The company therefore responded to a total of 37 calls, with a total fire loss of \$36,110 for the year. The report also revealed that the company pumped out four wells and made four runs for Civil Defense. The trucks traveled a distance of 95 miles on fire calls; with the trucks being in service 19 1/2 hours. The pumpers worked 7 1/2 hours of that time. Eight hundred feet of 2 1/2-inch hose was used; 200 feet of 1 1/2-inch hose and 4,250 feet of 3/4-inch hose. Two calls were reported for the month of December with slight damage.

**Reports Presented**  
The meeting was in charge of Robert C. Koontz and opened with the group singing of "America" and group prayer. There was a moment of silence out of respect for members Edward J. Alfoff and Paul E. Alfoff, due to the death of wife and mother. The company voted that a resolution of respect be placed in the minutes and that the secretary send a copy to the Alfoff family. Bills for the evening amounted to \$618.61. Receipts totaled \$164.67, including a donation from Samuel M. Keagy for services rendered by the company. A letter of thanks was read from the Littlestown Jointure Parent Teachers' Association for the use of the engine house for the food

sale held recently by the PTA.

A report for the Alpha trustees was presented by Bernard M. Selby, who was appointed as committee to contact the borough council concerning renovating the rest rooms at the engine house, to the effect that the council had considered their request for new fixtures and other necessary improvements at their December meeting. President Koontz reported for the Christmas cheer committee, stating that six ill and convalescing members had been visited by the committee and presented with a basket of fruit prior to the holidays.

Truck Foreman Dennis S. Wallick told the group that some mechanical difficulties have been encountered in the steering on the American LaFrance truck. The matter was referred to the trustees for investigation and correction. A proposition from the Ladies' Auxiliary to the company with regard to the purchase of ten dozen chairs for use in the engine house was discussed. The Auxiliary suggested that the company share the expense with them. The president appointed a committee, consisting of Dennis Wallick, Wayne Arnold and Walter C. Myers to investigate types of chairs and prices, and to report at the February meeting.

## Committee, Police Named

The financial statement, prepared by Treasurer Paul E. Alfoff and audited by a committee consisting of Walter C. Myers, Leslie Shinnham and George E. Hornberger was presented by the secretary, Harry W. Badders, in the absence of the treasurer, and revealed the following funds on hand as of December 31, 1954: \$7,273.97 checking account in the Littlestown State Bank in the general fund; \$863 in the checking account at the Littlestown National Bank; \$7,994.18, in the State Bank savings account; \$3,600 in government bonds (mature value) in the relief fund; with a total of \$19,731.15 in all funds. This shows a net gain of \$4,364.56 over the 1953 balance. Expenditures during the year included \$3,600 paid back to the relief fund from which it was borrowed; \$519.45 for tables for the engine house; \$490 for the radio short-wave, \$2,085 for uniforms for the drill team and \$240.54 for flags for the marching unit.

After the election of 1955 officers, the retiring president expressed his appreciation to the members for their cooperation during his administration prior to presenting the gavel to the incoming president, who spoke briefly asking that continued support be given him during his term in office. President Keagy appointed the following social committee to serve for the next quarter: Charles W. Randall, Kenneth Elyer and Philbert D. Jacobs Jr. He also appointed the fire police for 1955, subject to the borough council's approval, as follows: Ivan D. Rickrode, captain, Lake A. Shandbrook, lieutenant, Melvin Shildt, Kenneth Sparver, Harold Sparver, Paul L. Hollinger, Emory Wintrode, Bernard Dillman, Wilbur I. Mayers, Charles W. Snyder, E. Paul Bigelow and Joseph Cookson.

**Thanked By Burgess**  
Burgess Roscoe W. Rittase was introduced to the 75 members in attendance and spoke briefly, regarding the borough water situation, which is slowly returning to normal, and expressing thanks to all for conserving the supply, during the emergency.

At the conclusion of the business, refreshments were served by the social committee, composed of Burton Lawver, Charles Bemiller and Marvin Roberts. The next regular meeting of the company will be held on Tuesday, February 1.

Prior to the Alpha fire meeting on Tuesday evening, Irvin Houck, of Houck's Rubber Supply Company, Hanover, together with members of the fire company and members of the borough council, went to the William V. Sneringer and Sons quarry, which is to serve as a supplemental supply to the borough water system, to test the

hart and Thear were transferred. The political upheaval in Adams County came about when Governor Fine withdrew recognition of Chairman Basehoar, duly elected by an overwhelming majority of Republicans for seven consecutive terms. Fine transferred his allegiance and political patronage to another Republican, H. Earl Pitzer, of Aspers. The latter was later appointed by Fine to be assistant director of highway safety. Later he was appointed director.

## Basehoar Defeats Pitzer

Pitzer opposed Basehoar for GOP chairman in the primaries last May and was defeated. Governor Fine, however, continued to ignore Basehoar.

When Kendlehart and Thear were transferred, Albert J. Bedard, District 8 Engineer (which includes Adams County), instructed Thear not to recognize any applications for highway positions approved by Basehoar. He had received his orders through channels and which emanated from Governor Fine. Adams County Republicans resented the Governor's disavowal of Basehoar's election by the majority of the GOP and despite their protests Fine continued to reject all applicants approved by Basehoar.

Shortly before Christmas, Chairman Basehoar and State Senator Donald P. McPherson conferred with Secretary of Highways E. L. Schmidt and asked for Kendlehart's return to Adams County. Schmidt indicated that he would like to grant their request but that he would have to get the Governor's approval first. He never received it.

Young men, earning their way through college who for several summers had been given employment on road gangs in the highway department in Adams County with the approval of Basehoar, were rejected last summer.

Last October Governor Fine ordered Kendlehart dismissed. His written order was sent to the highway department headquarters where an official, wise in political movements, "buried" the letter. He said that he believed if the November elections were favorable the dismissal order would be forgotten. Kendlehart retained his position.

But the "ax" that suspended so precariously over his political head clomped down on Kendlehart Wednesday, thirteen days before Democratic-Elect Leader takes the oath of office and a scant two years before Kendlehart would be eligible for full retirement.

Secretary of Highways Schmidt was in Pittsburgh today and unavailable for a statement or explanation of Kendlehart's dismissal. The Associated Press asked C. H. Buckius, chief engineer in the department, why Kendlehart was discharged but he refused to answer. He said he was "leaving it up to Schmidt."

FINAL PRAYER  
WEEK SERVICE  
FRIDAY AT 7:30

The closing services of the Union Week of Prayer of the Emmitsburg Protestant Churches will be held in the Elias Evangelical Lutheran Church Friday night at 7:30 o'clock, with the church's pastor, Rev. Philip Bower, officiating. The sermon will be given by the Rev. Gideon Galambos, pastor of the Emmitsburg Presbyterian Church. The Youth and Chapel Choirs, directed by Mrs. Reginald Zepp, will sing.

Other ministers taking part in the service will be the Rev. Edmund P. Welker, of the Reformed Church, and the Rev. Paul McCauley, of the Methodist Church.

The union services in Emmitsburg opened last Sunday evening in the Presbyterian Church, with the sermon given by Rev. McCauley. The Methodist Church held the services Wednesday, with Rev. Mr. Welker giving the sermon, and this evening in the Reformed Church, with the sermon by the Rev. Mr. Bower.

The regular Sunday services for the Elias Church will be held at 10:30 a.m. The sermon will be on "The Perfect Pattern For Every Family." The Sunday School will begin at 9:15. The acolytes for January are Arvin Bollinger and John Gartrell.

**Plan For Contest**  
It was announced at the Mother Seton Club at St. Joseph's High

School meeting Tuesday afternoon that final preparations for the contest to be held by the club are nearly completed and contest rules will soon be sent to vicinity school students who will participate in the contest. The treasurer's report disclosed that proceeds from the auction held by the club several weeks ago were sufficient to cover the costs of the coming contest.

French classes had Miss Maryon Wasilfsky demonstrate and teach them several French dances and songs Monday afternoon. Miss Wasilfsky is a sophomore at St. Joseph College and spent last summer with her family at Laval University, Quebec, Canada.

The Mother Seton Club will have a food sale at 10 a.m., Saturday, January 15, in the firemen's hall.

## SINKING FUND

(Continued from Page 1)

vehicular traffic was becoming heavier. Contractors were at work concreting the Lincoln Highway and the Gettysburg-Harrisburg Rd. and others, and there were Better Roads units throughout the county, all petitioning the state and county to do something about the roads in which they were interested.

The Better Roads groups secured a vote by the county on the issuance of \$750,000 worth of bonds for road building. But the general public turned down that proposition, 2,324 to 1,572. But borrowing was to continue. Gettysburg was considering sale of bonds to pave Carlisle and Baltimore Sts. and the county found itself forced to issue \$100,000 in bonds to, according to the newspaper report of that time, repair and construct six bridges, along the roads being constructed by the state at that time.

## Bonds And More Bonds

An article in 1920 said that the county had borrowed \$72,500 on temporary loans over the prior years and also had a deficit of \$7,500 that year, so it issued \$80,000 worth of bonds for that purpose. Continuing, the article noted: "The estimated cost of construction of six bridges on the state highways now being constructed is \$103,000 and repairs to another bridge will cost about \$6,000."

"This brings the program of the present board (of commissioners) to \$132,000. To raise the money to pay for the bridges the county has sold bonds in the amount of \$100,000 and levied a tax for bridges of 2 mills."

"Interest on the bonds of 1906 will be \$1,800. On the 1920 turnpike bonds the interest will be \$2,025; on the \$80,000 funding bonds and the \$100,000 bridge bonds just sold will be \$9,900. The state tax on the bonds will be \$1,100 which makes a total of \$14,825. A tax of 1 1/2 mills will bring in taxes of \$25,000. After abatements and commissions are paid as well, there should be \$7,500 for the sinking fund."

Longshoremen OK  
Peace Contract

NEW YORK (U)—Port of New York longshoremen have voted to ratify a New York contract containing a no-strike clause and designed to bring at least two years of labor peace to the waterfront.

Members of 31 New York and New Jersey locals of the International Longshoremen's Assn. (ILA) voted 11,572 to 4,222 in favor of the new two-year contract.

LEGION PLANS  
ANNUAL PARTY  
JANUARY 22ND

The monthly meeting of the Francis X. Elder Post No. 121, American Legion, Emmitsburg, was held Tuesday night with 54 members present. Commander Charles B. Harner presided.

J. Ward Kerrigan read a report from Philip B. Sharpe, who was unable to attend, stating that the annual trip was made to Sabillasville, Md., where they presented Christmas gifts to the veterans who are patients in the State Sanatorium. Those who made the trip were Philip B. Sharpe, Margie Sharpe, Mr. and Mrs. Charles B. Harner, Mrs. Francis Sanders, Miss Ruth Gillelan and Allen Kreitz.

Commander Harner thanked Prof. Richard McCullough for his "splendid work" on the Christmas treat for the kiddies.

**Annual Party**  
It was announced that the annual party will be held Saturday, January 22, at the post home for Legionnaires, auxiliary members and social members. The deadline for tickets will be January 16.

Commander Harner gave thanks to the following Christmas decorating committee for decorating the post home which took first prize: Andrew T. Shorb, Homer Boland, Robert Myers, Donald Topper, Clarence B. Shorb, William E. Sanders, Louis Rosensteel, Thomas C. Harbaugh, Curtis D. Topper and William Topper.

New members voted in were Helen E. Weinarsky, Camden, N. J.; John William Strickhouser and Roy Lee Robinson, Fairfield; John Lee Collins, Mt. St. Mary's College; William R. Snyder, Littlestown, and Robert Carroll Bohn, Thurmont.

**Post Congratulated**  
J. Albert Saffer, general member of the National Security Training Committee of the Legion, past commander of the local Francis X. Elder Post No. 121, American Legion, of Emmitsburg, and a member of the Dept. Commander's Advisory Committee, congratulated the post for having the largest turnout at the meetings in the Western Maryland district. The local post now has a membership of 195.

The door prize was won by George Martins. After the meeting adjourned, refreshments were served.

Countians Married: Miss Margaret H. Lawler, of Biglerville and John W. Ditzler, of Biglerville R. D., were married Saturday afternoon by C. F. Palmer, clerk of the courts, after he issued the couple a marriage license.

**Returns To Camp:** Earl and Paul Harbaugh, members of the coast artillery, have returned to Fort Jay, New York, after spending the holidays with their parents, Mr. and Mrs. J. B. Harbaugh, Gettysburg R. 1. They will sail for Honolulu January 9.

**Countians Wed In Chambersburg:** Miss Sara A. Zepp, daughter of Mr. and Mrs. Samuel Zepp, New Oxford R. 3, and Wilbert Trump, Gardner R. 1, were united in marriage Sunday afternoon at 4 o'clock at Crider's United Brethren parsonage, Chambersburg R. 4. The ring ceremony was performed by the Rev. Jacob Zepp, brother of the bride.

**W. R. Neely To Join GPCA Here:** Wilmer W. Neely, of York Springs, former assistant cashier of the Gettysburg National Bank, has been appointed secretary-treasurer of the Gettysburg Production Credit Association, succeeding E. Donald Scott, Gettysburg R. 4, who resigned last week after filling the position for a year.

**Swirling Blizzard Greets New Year Here:** In a swirling blizzard, doddering 1934 turned over the nation's reins to the infant 1935 Monday at midnight. The snow kept celebrators from the streets and highways.

With legal liquor flowing freely, no arrests were made for drunkenness by police of the night shift here.

**R. J. Kitzmiller III:** Winfield J. Horner, tax collector in Cumberland township, is assisting County Treasurer William I. Shields during the absence of Ray J. Kitzmiller, deputy commissioner, who is confined to his home by illness.

**Shaw Show Opens:** "A Lady De-tained," a melodrama starring Oscar Shaw, of Great Neck, Long Island, and Gettysburg, will open at the Ambassador theater in New York City, Wednesday evening. Claudia Morgan will co-star with Mr. Shaw in the play.

**Hitler Issues Peace Demands:** Berlin, January 2 (AP)—Reichsfuhrer Adolf Hitler gave the diplomats of the world powers assurance Tuesday of Germany's peaceful intentions under an international treaty. Immediately after he received the homage of Nazi storm troopers and hundreds of civilians.

He told the diplomats who called on him at the presidential palace: "No country wants peace more than Germany. After the difficult years of need and suffering, she seeks repose to concentrate all her powers on internal reconstruction and for her right to live, asks only the same acknowledgment and attention from other countries that Germany itself offered. I see no international problems that cannot be solved through understanding cooperation."

**Jap Held For Taking Photos:** St. Petersburg, Fla., January 2 (AP)—A Japanese who claimed to be financed by his country's navy and asserted he had taken pictures of American cities and waterfronts for export to Japan was in custody of immigration officials here Tuesday night pending word from Washington as to his disposition.

**Chief Of Detectives E. E. Lipp-hard** said he would the man Monday sweeping the waterfront from the Municipal pier, with a long range German camera. In the area was the U. S. S. Trenton, flagship of the special naval service squadron stationed here, and the coast guard base.

**Personal:** Mrs. H. Harry Holz-worth, Broadway, has returned from West Chester where she spent the Christmas season.

Elmer W. Warren, Baltimore street, has resumed his position as clerk at the First National Bank after an absence of several months.

## Today's Talk

**GOODWILL**  
We usually speak of goodwill as pertaining to a business, but each one of us, as a human being, has his worth in goodwill. Though no one may name it, there it is just the same, for it is a part of us as much as the hair on our head. Also it is what ties us to others and gives us our reputation.

Goodwill is that silent something that makes people believe in you and trust you. In business, the first Marshal Field once said: "Goodwill is the one and only asset that competition cannot undersell nor destroy." Certainly that statement applies as truly to individual character.

The goodwill behind a name cannot be wiped out, nor can it be discounted. Many a man has been elected to political office more because of the goodwill represented by his name and reputation than for his known political beliefs. That was the case in regard to Abraham Lincoln, President Eisenhower, and many a man in public life.

The largest asset that many a business has today may easily be represented by its goodwill. And this goodwill may be in the form of a trade-mark made famous by honest products. "Uneda," for example, and the word "Kodak." Millions in money could not buy them away from where they belong! "Vaseline" is another name that represents the goodwill of the concern that invented and sponsored it.

Think of the unpurchasable value of goodwill among nations! We it kept at par all the time, our burdensome taxes would melt away and all thought of war would be dispelled. Why can't this spirit of goodwill be created in the world, for it is for the good of every human being, no matter where located?

Tomorrow Mr. Adams will talk on the subject: "The Secret of Success."

Protected, 1955, George Matthew Adams Service

## Just Folks

**PRANKS**  
Be glad at you that friends will joke  
And laugh at your peculiar ways;  
Hand you a trick cigar to smoke  
And wait to see it burst ablaze.  
The match that wasn't meant to strike  
They only give to one they like.

Laughter is proof of friendship  
when  
It lifts a friend above the crowd.  
Men will not tease ill-tempered men.  
The arrogant or over-proud.  
Those they have never fully known  
And learned to like, they leave alone.

With those of whom they are afraid  
The table laughs quickly ends.  
On their men's pranks are never played.  
They keep them only for their friends.  
Unless they like you, through and through,  
They'll never waste a joke on you.

## CHOICE MEATS

## MARKED DOWN THIS WEEKEND

**By THE ASSOCIATED PRESS**  
Housewives will find a choice selection of meats available at marked-down prices in their local food markets this weekend.

Pork loins and pork roast will be prominently featured and some stores will trim prices on pork chops by as much as six cents a pound.

Frying chickens will be higher in most places, with advances of six cents a pound fairly common. But stewing chickens will be a favorite weekend special as meat men help producers cope with the huge supplies of these birds.

**Eggs Reasonable**  
In most places, steaks and prime ribs will be higher than a week ago because wholesale beef prices are still strong.

You should find eggs plentiful and quite reasonable in price. Supplies of halibut and haddock are large, says the U. S. D. A., and shrimp supplies continue to mount, with consumer prices down. Dairy products are abundant.

Favorites in the vegetable line this weekend will include nearby cabbage, potatoes, onions, and nearby root crops—turnips, beets, parsnips and carrots.

Preserving pointer: Don't set newly filled, still hot jars in draft. Place them out of a draft on a folded cloth or cake rack.

## SLUMP SMACKS BULL MARKET AFTER FRB ACTS

**NEW YORK (AP)—**The rousing bull market in stocks suffered its worst setback in 4½ years yesterday as the Federal Reserve Board increased the amount of cash necessary to buy stocks on margin.

The board's action had little effect on the millions of Americans who now hold a stake in the market, but Wall Street analysts called it the immediate psychological factor in the stock market break.

Share prices fell at the start, improved a bit around midday, and then slumped sharply in the late afternoon. By the end of the session, losses ran to around \$5 in some areas.

**Favorite Fall**  
The Associated Press average of 60 stocks dropped to \$152.40, down \$3.40, the worst decline since June 26, 1950, when the Korean War started. Volume piled up fast as the ticker fell as much as 15 minutes behind in reporting transactions. For the day, turnover totaled 4,640,000 shares, largest since June 27, 1950.

The widest losses were posted by stocks that have been in high favor lately. Republic Steel fell \$4.62, Kennecott Copper \$4.50, Anaconda Copper \$2.87, Du Pont \$3.12, General Motors \$3.62, Bethlehem Steel \$4.62 and Standard Oil (N.J.) \$2.37. Amerasia Petroleum declined down \$5.50 after having declined more than \$10 at one time.

While brokers said the boost in margin requirements from 50 per cent to 60 per cent undoubtedly brought on the break, many said once again that it's high time the market underwent a good-sized correction. Since the bull market started, some shares have doubled in market valuation and others have gone well beyond that. The rise since the election in November has been extraordinarily steep.

## EPOXY RESINS NEW WONDERS OF CHEMISTRY

By STEVEN V. DAVID (For Sam Dawson)

**NEW YORK (AP)—** If grease doesn't hurt your stove and detergents don't harm your washing machine, there's a good chance they're coated with epoxy resins, one of the newer wonders of the chemical laboratories.

Discovered by scientists of Devco & Reynolds Co., commercial production has climbed from 500,000 pounds in 1946 to an estimated 15 million in 1954. And industry sources expect output to double in the next few years.

Epoxy resins look like maple syrup in their liquid state and like amber in solid form. But use them in surface coatings or paints, in making plastic tools, or as adhesives and you'll quickly discover their characteristics: outstanding toughness, low shrinkage and a high degree of chemical resistance.

**More Fro The Money**  
"Epoxyes cost twice as much as almost any other resin commercially available," says J. L. Rodgers, manager of the bonding department of the Bakelite Division of Union Carbide & Carbon Corp. "But nothing else has got as much for the money."

Rodgers says the biggest use at present is in coatings for refrigerators, ranges, washing machines, lawn furniture, factory walls and the like. Epoxyes will resist anything from vinegar to caustic chemicals. They also will stand up under humidity and can take plenty of abrasion and impact, says Shell Chemical Co.

**Being Alloyed**  
Epoxy resins are being alloyed with other plastics or mixed with fillers to make tools for industry. It's estimated that auto makers spent seven million dollars in 1954 for assembly, welding and checking fixtures, inspection gauges and other tools made of epoxy plastics. Rodgers says epoxyes are ideal for assembly fixtures because they don't expand or shrink appreciably with changes of humidity. Epoxy plastic tools can be made more quickly and more cheaply than steel tools and weigh only about a third as much, he adds.

Shell says that as adhesives, they'll grip anything in sight—wood, plastics, glass, metals, rubber.

## Girl Killed In Fire And Blast In Phila.

**PHILADELPHIA (AP)—**A fire and blast in a dry cleaning establishment in South Philadelphia last night took the life of Phyllis Handfinger, 18, and critically injured several others.

Fire officials are investigating the blaze which destroyed a cleaning firm operated by Joseph Appel. The cleaners was on the ground floor of a three-story private residence. The fire was confined to the single building, a row house on South 4th St. in a heavily populated residential area.

Appel's wife Fanny was reported among the seriously injured. All were taken to the nearby Einstein Medical Center's southern division.

**DEMOCRATS TO PROBE PROPOSED MILITARY CUTS**  
By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—What does it profit a man to save his money if he can't protect it from an enemy? In a nutshell that's what many Democrats say they want to know about the cuts which President Eisenhower proposes for the armed forces.

His administration, particularly Secretary of Defense Wilson, is in for stiff quizzing by the Democrats who took control of Congress yesterday. Judging from what they've said, they will ask:

Is the administration, for the sake of economy, reducing the armed forces to a point where they can't protect this nation's interests?

**Sparkman Afraid**  
Sen. Sparkman (D-Ala.) says he's afraid he's looking at "bargain-counter" defense. Sen. Mansfield (D-Mont.) says he's afraid this country's vital military strength may be lost in the name of economy.

And Rep. Vinson (D-Ga.), who will head the House Armed Services Committee, says he will call Wilson before him for a full explanation.

It was Wilson who started the ball rolling Dec. 20 with the announcement of a big reduction in the armed forces, particularly in ground troops. Why the cut? Less fear of war in part, Wilson told newsmen.

This wasn't what Secretary of State Dulles told newsmen several days later when they asked if the military cuts were the result of less fear of war. That wasn't the reason, he said.

He said improvement in weapons

meant the military forces needed fewer men. This apparent conflict raised this question:

## COVER ON JOE'S MAIL MAY BE DEAD ISSUE

**WASHINGTON (AP)—**Sen. George (D-Ga.) said today he does not think a Senate probe of a 1952 "cover" put on the mail of Sen. McCarthy (R-Wis.) turned up "anything the attorney general would regard as serious."

George, who served on a special two-man committee which conducted the investigation last month, said he does not believe anything further will be done about the matter.

McCarthy, in a separate interview, said he wants the matter referred to the Justice Department. He termed the check on his mail "A Violation Of Law."

The special committee's report condemned the use of "mail covers" by any Senate committee and recommended that the Senate refer to the Justice Department the testimony it took. However, the committee took no position on the question of whether such "covers" are legal.

The check was put on McCarthy's mail and that of some of his associates for three weeks in 1952 by a Senate elections subcommittee which was investigating his financial affairs.

## N.Y. IS BEST COAL MARKET

**WILKES-BARRE, Pa. (AP)—**New York has taken over first place from Pennsylvania as a market for anthracite coal for use in home heating plants.

A chart released by the anthracite institute, a non-profit research organization sponsored by the hard coal industry, shows the Empire State last year used up coal valued at the producer level at \$56,111,000.

In the same period Pennsylvania bought coal valued at \$48,494,000. The home state of hard coal still finished as the greatest user of hard coal though, mainly because some 38 million dollars worth was consumed by utilities and industries for generating steam.

Here are the figures for the top five market areas now the center of wide attention because of its shrinking market and unemployment:

Pennsylvania, \$48,494,000 home fuels, \$38,032,000 for steam, total, \$86,565,000; New York, \$56,111,000, \$28,633,000, \$84,744,000; New Jersey, \$22,116,000, \$12,999,000, \$35,115,000; Canada, \$30,441,000, \$37,877,000, \$34,228,000; and Massachusetts, \$12,514,000, \$1,468,000, \$13,982,000.

## Turnpike Commission Gets Extension Bids

**HARRISBURG (AP)—**The Pennsylvania Turnpike Commission today received an unofficial low bid of \$2,898,506 from H. J. Williams, Inc., York, for construction of another 3.59 miles of its northeastern extension located in Washington Twp., Lehigh County.

The commission also fixed Feb. 1 to receive bids on another 3.95 miles in Penn Forest Twp., Carbon County.

## "Miraculous" Wounds In Man "2,000 Years Old" Bring Arrest

**Taneytown**  
NEW BRITAIN, Conn. (AP)—A man who exhibited wounds in his hands and feet and claimed he was Jesus Christ was among four Polish refugees facing blasphemy charges in City Court today. All four claimed to be 2,000 years old.

Police said John Tschaplinski, 50, when arrested yesterday, was wearing a crown of thorns, causing him to bleed from the head, and wore a loin cloth made from a diaper.

## Bullets Set New Scoring Mark By Lacing Terrors 106-68; 14 Players Score

A new Gettysburg College basketball scoring record was established here Wednesday evening when the Bullets smothered a hopelessly outclassed Western Maryland squad 106-68.

The previous high for a Bullet court team was made two years ago when the locals defeated Mt. St. Mary's College 102-76.

Coach "Hen" Bream used his entire varsity squad of 15 men and 14 broke into the scoring column. Six got into double figures with Wally Kuligowski leading the way with 18.

Al Bopst, Western Maryland veteran, took the scoring honors for the game with 21.

The victory was the second against four defeat for the Bullets. Western Maryland has yet to win, the defeat marking its fifth in as many starts.

Play started slowly with Dick Hockenbury caging a pair of fouls and Jim Sevebeck tallying a goal before Bopst netted two charity tosses for the visitors. Foul shots by Eddie Ferren and Sevebeck sent the count to 8-2 before Kuligowski got the Bullets' second goal after 4:35 minutes. The Terror's initial goal came by Albaugh on a set shot after 5:32 minutes when the Bullets were far out in front 18-6. After 10 minutes of action it was 20-8.

Midway in the "second" period Coach Bream began to break up his starting unit after the score stood 34-18 and the new players continued to outclass their opponents to leave the floor at half time with a 50-25 advantage.

Throughout the second half the Bullets scored almost at will. The regulars were relieved after about seven minutes of the half and the second combination was retired with about three minutes remaining.

**Fresh Triumph**

Johnny Yovitch's freshmen opened their campaign by winning the preliminary game from the Western Maryland jayvees 77-70. Leading most of the way, the Bullets fell behind several times by narrow margins in the third period but spurted to win handily. Barclay Sell, Bob Walsack and Marty Miller paced the offense. A former Gettysburg College student, squad member, Hugh McIntyre, led the visitors with 29.

The Bullet varsity goes on a two-day trip this weekend to meet Hofstra at Hempstead, Long Island. Friday night and Wagner at Staten Island, Saturday.

## Wrestling Program At Madrid Friday

HARRISBURG, Jan. 6.—Antonino (Argentina) Rocca, generally regarded as the uncrowned king of mat-don, will be one of the featured performers when Promoter Bert Bertolini presents his first wrestling show of the new year in the Madrid Palestra, Friday night.

Bertolini has matched Rocca with Big Chief Don Kettle, 24-year-old Osage Indian from Pawhuska, Okla. Rocca and Kettle will decide their private feud over the best-of-three falls route. Three supporting matches will comprise the undercard.

Ace Freeman will take on Al Cortez and Larry Hamilton will scuffle with Harry Lewis in a pair of half-hour time limit tugfests. Semi-feature principals will be Tex Riley and Dick Bishop. Cortez, incidentally, is the new heavyweight champion of Mexico and has started American mat addicts with his fast, rough style of wrestling.

## SHARP SHOOTING GWU DEFEATS GEORGETOWN

By ED WILKS  
The Associated Press

There's hardly a schoolboy scuffling up his shoes kicking tin cans who hasn't heard the rumor that George Washington was a man for truth. But those lads playing basketball at George Washington University aren't bad when it comes to accuracy either.

The Colonials, ranked sixth in the weekly Associated Press poll, were tops in the nation in field goal percentages last season, scoring a 45.6 clip from the field.

Although the Southern Conference champions lost three of their 1954-55 starters, that dead-eye shooting is more than a memory.

George Washington put on one of its greatest shows last night, defeating Georgetown 74-55 with deadly precision as the Colonials hit 55 per cent of their field goal attempts. They sank 32 of 57, and made their record 9-2 for the season with Walt (Cork) Devlin scoring 23 points and Jock Holup 19.

The only other top-ranked team in action last night was Dayton (No. 10). The Flyers got back on the beam after a disastrous performance in the Holiday Festival at Madison Square Garden with a 68-64 victory over Canisius. Johnny Horan and Jack Saltee each scored 19 points for Dayton.

Among the second 10, Duke (tied for 17th) hit its scoring peak for the season with an 81-64 victory over Temple; Villanova, which shared the No. 17 spot, was upset by Richmond 92-82; Penn (19th) outlasted Yale 42-40; and Notre Dame (tied for 20th) bumped Butler's youngsters 83-56.

Richmond jumped all over Villanova, the only team to defeat third-ranked North Carolina State this far. The Spiders, paced by Ed Harrison's 28 points, held the Wildcats' high-scoring Bob Schafer to 6 but Jack Devine came through with 26 for the losers.

## SUGAR RAY WINS WITH KNOCKOUT IN 6TH ROUND

DETROIT (AP)—For 10 exciting seconds, it was the Sugar Ray Robinson of old—swift, sharp and deadly.

In that brief burst, the 34-year-old former middleweight champion swarmed over Joe Rindone, of Boston, and scored a knockout at 1:37 of the sixth round last night to successfully start his comeback.

As a howling crowd of 11,973 urged him on, Robinson floored the inept, confused Rindone with a flashing series of lefts and rights that made one wonder why Sugar Ray ever left the ring.

**Signs Of Layoff**

But before that, the sleek New Yorker was cautious and uncertain, showing obvious signs of his 30-month layoff. His famous one-two combination wasn't licking, although his footwork seemed as good as ever.

Robinson was stung into action when Rindone, who did little more than huff and puff through the first five rounds, landed a solid left and right to the head. It was his first serious gesture of the nontelevised fight.

Robinson tore after his backpedaling, 28-year-old opponent, clubbing him with six, seven, eight blows to the head and body. A roundhouse right sent Rindone crashing to the canvas.

Robinson weighed 159 to Rindone's 163½.

Only three tie games have been played in World Series competition and the Giants have been involved in two of them.

## Maryland Grapplers Toss Bullets For 22-6 Loss; Harrell, Sells Triumph

The Gettysburg College wrestlers dropped a 22-6 decision to the powerful University of Maryland matmen in an exhibition match at York Junior College Wednesday evening.

Following the wrestling meet the Millersville State Teachers College cagers defeated Lebanon Valley 50-45.

The program was arranged by the Sertoma Club of York for its eighth annual sports night benefit, proceeds from which will go to a Girl Scouts fund. A total of 1,300 fans witnessed the affair.

Jerry Harrell, 167, and Bill Sells, 177, gained decisions for the Bullets in the wrestling match.

Harrell won a 14-3 decision over Al Hair while Sells edged Mayer Littman 1-0.

The powerful Terrapins gained two falls, Dean Gladfelter, 157, tossing Chuck Heverly in 2:59 of the second period, and Mike Sandusky, heavyweight, pinned Dick Mitchell in 2:40 of the first period.

## Rocky Marciano Plans Test Runs

NEW YORK (AP)—Rocky Marciano plans to make a few appearances in exhibition bouts to test his nose before he makes up his mind about an April of June defense of his world heavyweight title.

"Rocky will go to Grossinger's Sunday to begin preliminary training," said Manager Al Weill last night on his arrival from Miami. "If the nose cut in the second fight with Ezzard Charles is all right, then we'll make definite plans. I'd like to have him fight twice this year."

## VIDEO IS "HOT POTATO" TODAY AT NCAA MEET

By MURRAY ROSE

NEW YORK (AP)—Having fired a salvo at the pros for invading "collegiate territory" with their Saturday night football telecasts, the colleges rain their guns on each other today in an open discussion of the controversial television problem.

Video is the hot potato of this NCAA convention. And it's a cinch that the multiple issues won't be even half settled by the round-table talks today and by the appointment of the new 1955 TV committee Friday.

The six alternative proposals to be suggested by the outgoing 1954 TV committee and other parties boil down to a contest between another national "Game of the Week" program, with slight variations, and a series of regional or geographically distributed telecasts.

**ECAC MAY WIN**

It looks as if the national card, backed by the numerically powerful, 101-member Eastern College Athletic Conference will win out over the regional backers, which include the influential but numerically weak Big Ten and Pacific Coast conferences.

## Mount Dribblers Host To American Quintet Tonight

Tonight the Mt. St. Mary's College cagers will resume their schedule after the long holiday recess by meeting American University of Washington, D. C., at Emmitsburg in a Mason-Dixon Conference game.

The Mountaineers are currently leading the conference with a 3-0 record. They have an over-all season mark of 6-2.

Last year the Mount won the playoff title of the M-D circuit and make no secret of the fact they are gunning for regular season and playoff honors this year. Jim Phelan's squad is rated as one of the best in Mountaineer history.

Preceding the varsity contest a freshman game will be staged.

## SPORTS IN BRIEF

**RACING**

MIAMI, Fla. — Post Prandial (\$4.30) won the feature at Tropical Park.

Football League were touched off yesterday by Matty Bell of Southern Methodist at an NCAA round-table meeting.

Reading a report prepared by a special NCAA committee, Bell said, "It was completely unthinking and selfish for the professionals to black out their own games but to telecast their Saturday night games into collegiate territory."

**Says NFL Discourteous**

Bell said the NFL was "discourteous" in declining to appoint a committee to meet with an NCAA committee to discuss the matter.

At the time of the NCAA's refusal to meet with an NCAA committee, NFL Commissioner Bert Bell said such a meeting might be interpreted as a "conspiracy" to restrain television activity.

Although he said he didn't want to "declare war" on the pros, Matty Bell said the colleges should not permit their coaches or other athletic personnel to participate in professional sports in any way, and that college sports facilities shouldn't be made available for pro activities.

## RACKETEERING IN BOXING MAY BE ATTACKED

WASHINGTON (AP)—There's a "strong possibility" a Senate committee this year will conduct a drive against racketeering in boxing much along the lines of the crime hearings by the Kefauver committee five years ago.

That was the word today from Sen. Magnuson (D-Wash.), an ardent sports fan who quarterbacked for the University of Washington Rose Bowl team in 1926.

Magnuson said in an interview he is considering such hearings in his new role as chairman of the Senate Commerce Committee.

**To Get Some Views**

"First I want to discuss the situation with other senators and get their views," he said. "But I know there is a strong possibility we will take a good look at boxing to see if we can turn up evidence of organized racketeering."

Magnuson said he has long been concerned over what he termed invasion of the sport by "racketeers and other shady characters."

"In the old days, though," he said, "only a relatively few persons saw the fights. They were in small arenas and most of the spectators were men. But boxing is now in everyone's home. Everybody sees the fights, father, mother and the kids."

"Kids are growing up being taught good sportsmanship. But when they see the fights and the wrestling matches on television, I feel certain they start wondering what's the use."

"On day they may start thinking they might as well fix it up and put on a show just like the wrestlers."

## NBA Players Form Council; Elect Cousy

BOSTON (AP)—Bob Cousy of the Boston Celtics says the players of the National Basketball Assn. have organized a representative council and plan to meet with league President Maurice Podoloff in New York Jan. 17 or 18.

The meeting will be held in conjunction with the annual NBA All-Star game, slated for Jan. 18 at Madison Square Garden. Patterned after the baseball players' organization, each NBA club will have a player representative.

Gettysburg High School's basketball team will be out to snap a four-game losing streak when it clashes with Hanover here Friday evening in a South Penn League game. The Warriors have a season mark of 2-5.

Hanover, whose pre-league performances gained it a contender's role, struck a snag by dropping league games to Hershey and Mechanicsburg which has virtually eliminated the Nighthawks from first half contention.

The Hawks have but one letterman, Eddie Slevin, a 6-1 guard. Outstanding so far this year is Bob Forry, a sophomore, who has sparked the attack.

Coach Karl Meyers will undoubtedly throw his 1-3-1 zone defense against the Warriors. Hanover gained the South Penn title in 1952, the only school to dethrone Mechanicsburg in the last 11 years.

The junior varsities will meet at 6:45.

Completing the South Penn schedule on Friday will be the following games: Hershey at Shippensburg, Middletown at Carlisle, and Mechanicsburg at Waynesboro.

**'Bolts Face Test**

The big game in the Adams County League will be played at Bolling Springs where the Bubblers will meet unbeaten Littlestown.

Wib Gobrecht's 'Bolts have won six in a row and currently loom as the team with the best chance of replacing Bolling Springs as the league titlist.

In other games New Oxford (5-2) hosts Fairfield (3-4); Newville is at East Berlin (6-2), and Biglerville (1-7) plays at York Spings (5-6).

Girls' teams will play the preliminary contests Friday to open their league schedule.

Other scholastic tilts listed for Friday include Gettysburg Junior High at Hanover, York Catholic at Delone, and Washington Township at Biglerville Junior High.

In the only other game, the Providence Reds moved into a three-way tie for second place by defeating the Cleveland Barons 2-1.

## DEMOCRATS TO PROBE SECURITY, POWER STANDS

By G. MILTON KELLY  
WASHINGTON (AP)—The Democrats, taking control of Congress, say they plan an active year of investigations on many different fronts.

A continuing search for Communists in government and a close scrutiny of the security and power programs of the Eisenhower administration are among main ones.

Sen. Russell (D-Ga.), incoming chairman of the Senate Armed Services Committee, said today he will probably revive the Preparedness Subcommittee for a critical look at the armed forces' purchasing program and other activities. He said it also would be the logical one to examine the proposed 403,000-man cut in the armed forces.

Sen. Sparkman (D-Ala.) said he thinks the Republicans spent too much time "digging up old corpses" and Democrats "will keep their investigations more current."

**Investigation Rules**  
The Senate Rules Committee, from which Sen. Jenner (R-Ind.) is about to step down as chairman, is working on a suggested new code of "fair play" rules for investigations. In the House, Rep. Hugh Scott (R-Pa.) has announced he will also propose such a code.

Sen. McClellan (D-Ark.) who will take over the investigations subcommittee chairmanship from Sen. McCarthy (R-Wis.), says this group will abolish "one-man hearings," which have been a subject of deep controversy. He said he hopes his committee, the Senate Internal Security Subcommittee and the House Un-American Activities Committee can avoid duplication in probes of communism.

**Resignation Refused**  
In the House, Rep. Walter (D-Pa.) has announced no detailed plans for investigations pending a shakeup of the staff of the Un-American Activities Committee, of which he becomes chairman.

The outgoing chairman, Rep. Velde (R-III), reportedly has turned down resignations offered by two staff members: Robert L. Kunzig, chief committee counsel, and Raphael I. Nixon, research director. Neither they nor Velde

## Four Are Held For Beating Soldier

HARRISBURG (AP)—Four nearby Middletown men today were being held without bail on charges of beating and robbing a soldier from Indianapolis Gas after they had picked him up while hitchhiking.

State police Cpl. Joseph L. Branigan identified the men as: Richard Baumbach, 21; Edgar Smith, 25; Dale Geesey, 23; and Harvey E. Reigle, 30.

Baumbach and Smith were charged before Justice of the Peace Richard G. Swails, Lower Paxton Twp., with robbery by violence and with accomplice.

Geesey and Reigle were charged before the same justice of the peace with robbery and accessory before and after the fact. Branigan said all four pleaded guilty and were held in jail without bail.

Branigan said the four picked up Bevan C. Glocer, 19, stationed at Indianapolis Gap, early Sunday morning and beat and robbed him of \$18. Glover was hitchhiking to Harrisburg to board a bus.

could be immediately reached for comment.

Walter said in an interview that if Kunzig and Nixon don't submit their resignations to him, "I'll ask for them." He promised cuts in the committee's 47-man staff.

One subject certain to undergo investigation is the Dixon-Yates contract, under which the government would buy privately generated electric power to be fed into the public-power lines of the Tennessee Valley Authority. A Senate Judiciary subcommittee to be headed by Sen. Kefauver (D-Tenn.), a bitter foe of the project, has already had a preliminary look at the project.

**Hits "Numbers Game"**  
Sen. Olin D. Johnston (D-SC) has announced plans to investigate the Eisenhower administration's announcements of security risk findings. Johnston calls it "a numbers racket that misleads more than it informs." A report Monday listed 8,000 persons dropped as security risks in a period of 16 months. Of the total, 2,096 were said to have "subversive data" in their files.

**HEADS GOP DELEGATION**  
WASHINGTON (AP)—Rep. Ivor D. Fenton has been chosen chairman of Pennsylvania's Republican delegation in the House of Representatives.

The Mahanoy City resident succeeds his senior colleague, Richard M. Simpson of Huntingdon. Simpson's office said the congressman, oldest Pennsylvaniaian from point of service in the House, had asked to be relieved of the chairmanship and Fenton agreed to take over.

Since the end of World War II private industry has spent more than 10 billion dollars for scientific research, an independent research organization reports.

## East Berlin

EAST BERLIN—Marine Capt. and Mrs. James Bryson have left for his post at Oceanside, Calif., after a visit with her parents, Mr. and Mrs. Casper Claffelter. Her brothers, Jack and Donald Claffelter, who volunteered for the Army in October, returned over the weekend to Ft. Jackson, S. C., after holiday furloughs at home. A cousin of Mrs. Bryson, Miss Janet G. Altland, daughter of Mr. and Mrs. Oram C. Altland, who has a clerical position with a California newspaper, also spent the holidays with her parents.

Mrs. Mary Burgard, who has been living near here with a daughter, Mrs. Katie Chronister, remains a patient at Hanover Hospital.

Fred V. Baker has resumed his teaching duties at Rahway, N. J., returning there with Mrs. Baker and their sons, Michael and Bill, after spending the holidays with her mother, Mrs. Cleason E. Smith, and with his mother, Mrs. W. P. Baker, Abbottstown.

Mr. and Mrs. Charles R. Phillips have returned home after a holiday season visit to Reading as guests of their son-in-law and daughter, Mr. and Mrs. Alfred J. Capkovic.

Barbara S. Schimmel has resumed her studies at the East Berlin High School after a stay of several days in Baltimore during the holidays. Her sister, Sylvia M. Schimmel, graduate of the local high school, now a student nurse at York Hospital, was also entertained in Baltimore during the holidays. They are daughters of Mr. and Mrs. Julius Schimmel, Hampton.

Mr. and Mrs. Harold W. Gross and daughters, Maxine and Judy, who moved from here to Thomasville two years ago, spent much of the holiday season at the homes of their parents, Mr. and Mrs. Eli J. Gross, and Mr. and Mrs. Claude E. Wrights.

Local friends received word during the holidays that Mr. and Mrs. Harry L. Taylor and their 11-year-old daughter, Evelyn, who moved from here to Ohio in 1951, now live in Salem, Ore., where Mr. Taylor is employed.

Mr. and Mrs. Paul E. Jacobs had

## OPPENHEIMER HITS BARRINGS

NEW YORK (AP)—Dr. J. Robert Oppenheimer says that if the McCarran Immigration Act had been in effect at the time, perhaps Dr. Albert Einstein would not have been allowed to enter the United States.

Discussing the barring of a number of foreign scientists on security grounds, Oppenheimer, one of the chief architects of the atom bomb, adds:

"This is just terrible, and seems a wholly fantastic and grotesque way to meet the threat of espionage—just an enormous apparatus, surely not well designed for that, and terrible . . . for those of us who live with it."

"We are rightly ashamed by the

as guests for part of the holiday season their daughter, Mrs. William Hertz Jr., with Mr. Hertz, and their daughters, Frances, Claire and Eleanor, and son, Paul William, who have now returned to their Delaware home.

Paul Brodbeck was among the 28 employees of the J. W. Eshelman Co., York, honored by the presentation of long-service pins at a celebration at York during the Christmas season.

January 7 will be observed throughout the day as First Friday for Paradise Catholic parish in honor of the Sacred Heart of Jesus. The services will open with a high mass at 6:45 a.m. in the chapel of Paradise Agricultural School, celebrated by the pastor and chaplain, Father Louis S. Dougherty.

The pastor will again offer mass at 7:30 p.m., this time in the parish church.

In preparation for First Friday, confessions will be heard for adults in the school chapel this evening from 7 to 8 o'clock and before the morning mass in the chapel. Parochial school children will be heard before dismissal, Thursday afternoon.

Mr. and Mrs. Paul E. Jacobs had

contempt that the Europeans have for us, and we are rightly embarrassed that we can't hold (scientific) congresses in this country . . . this is a scandal."

Einstein, famed theoretical physicist, was born in Germany and came to the United States in 1933.

Oppenheimer, who has been barred from government atomic secrets as a security risk, made the statements in a filmed television interview Tuesday night.

Oppenheimer, director of the Institute for Advanced Study at Princeton, N. J., was interviewed at his Princeton office by Edward R. Murrow for his CBS television program "See It Now."

**FALLS TO DEATH**  
BETHLEHEM (AP)—Anthony Malasky, 37-year-old structural steel worker, was killed Tuesday in a 35-foot fall from a tower at the Bethlehem Steel Co. plant where he was employed.

Malasky was working with a group of men dismantling the tower and apparently lost his balance, company officials said. He died an hour after the accident in St. Luke's Hospital.

A resident of Pennsburg, Montgomery County, he is survived by his widow and a child.

## Fairfield

FAIRFIELD—Mr. and Mrs. Ira Stouffer, Waynesboro R. 4, spent Sunday at the home of Mrs. Ella Reid.

Mrs. S. L. Allison and Miss Ethel Grace Allison spent Friday at the homes of Mr. and Mrs. William Sheldon and Mr. and Mrs. L. F. McClellan, Wayne Heights, Waynesboro.

The Fairfield Lions Club will hold a card party Friday evening in the high school cafeteria. Members of the committee include William Schultz, Clarence Wilson, Edgar Glenn, Wesley Schaible, William Musser, John Beach and Stanley Pumphrey.

An evening of games, sponsored by the High School Band Auxiliary, will be held on Wednesday evening, January 12, at 8 o'clock in the high school cafeteria.

The public is invited to attend the assembly program to be held in the high school auditorium on Thursday, January 13, at 2:10 p.m. The program to be presented will be "Welly's Fun On The Keyboard."

Mr. and Mrs. Edgar McClellan and family have returned to their home in Ohio after spending the holidays

at the home of his mother, Mrs. John McClellan.

Miss Mary Harbaugh entertained the Bridge Club Monday evening. The club will meet in two weeks at the home of Mrs. Robert Willis.

The 500 Card Club will meet Tuesday evening, January 11, at the home of Mrs. Robert Musselman.

Mr. and Mrs. Clarence Wilson and Miss Ethel Grace Allison visited on New Year's Day at the home of Mr. and Mrs. Robert McCullough, Falls Church, Va.

Mr. and Mrs. Ray McGlaughlin and daughter, Glenda, Emmitsburg, were dinner guests New Year's Day of Mr. and Mrs. Joe Harbaugh.

HAMMARSKJOLD LANDS IN CHINA ON U.N. MISSION

TOKYO (AP)—U.N. Secretary General Dag Hammarskjold arrived in Peking Wednesday and afterward met Red China's Premier and Foreign Minister Chou En-lai, the Chinese Communist radio said.

Hammarskjold went to Peking to secure the release of 11 American airmen and other U.N. prisoners of Red China.

Peiping radio said Hammarskjold was met at the airport by Chang Han Fu, vice foreign minister of Red China; Tung Yueh Chien, director of the Department of International Organizations and Conferences; and Wang Cho Ju, chief of protocol of the Foreign Ministry.

Also present were a number of diplomatic officials of various nations.

No Radio Notice

The Red radio made no mention of the purpose of Hammarskjold's trip.

The apparent absence of Red Premier and Foreign Minister Chou En-lai at the airport appeared significant, Peiping radio has described in great detail how Chou went to the airport to welcome visiting Indian Prime Minister Nehru and Burmese Prime Minister U Nu.

That he would do less for the secretary general of the United Nations seemed to indicate a cool reception for Hammarskjold.

STATE BUREAU AWAITS RUSH ON NEW MEASURES

HARRISBURG (AP)—The 1955 Legislature has gone home until Jan. 17—but they've left behind a veritable mountain of work for the Legislative Reference Bureau.

The bureau is the bill-writing arm of the Legislature. The law-maker gets an idea for a bill. To translate that idea into a bill of accepted form is the job of the bureau.

Both Senators and House members long have been importuning the bureau to draw up their favorite measures in time for introduction after committees are named the week of Jan. 17.

S. Edward Hannestad, veteran director of the bureau, said his staff is ready for a tough grind.

Throughout the entire session—lasting no one knows how long—additional material will go to the bureau to be couched in the proper language and form.

Usually Have 1,500

The number of bills introduced in the House normally runs in the neighborhood of 1,500 while Senate bills usually run about 900 to 1,000.

Hannestad said until Tuesday the number of requests for bills to be drawn up in advance of the Legislature's opening was smaller than usual. He attributed that to the fact that with the change from a Republican to a Democratic administration his status in the bureau was uncertain.

No opposition to Hannestad's re-appointment turned up, however, and Legislature Democrats, holding a majority in the House and a near-majority in the Senate, agreed on retaining Hannestad.

By Jan. 17, the bureau director said, he expects to have 50 or more requests for bills.

The bureau regards all requests for bill drafting as "confidential" and will not disclose the nature of the proposed legislation.

The task of putting the bill in final form may take 10 or 15 minutes, Hannestad said, or as long as a period of several weeks. It depends on the subject and how much research must be done in the legal files.

The bureau employs six full time bill drafters and two or three extras during Legislature sessions.

Hannestad has headed the bureau for eight years, and has been a member continuously since 1931, through Republican and Democratic administrations.

Employed by the bureau first in 1915, he left in 1925 for a six-year period engaging in law practice at Chester. His home is at Glenolden, Delaware County.

Here And There News Collected At Random

(Continued from Page 1)

University of Pittsburgh, proved the biggest operation of its kind ever projected. More than 650,000 children trooped to special clinics in 217 trial areas throughout the United States. In all some 1,830,000 school children took part in the tests, evaluation of which is now underway.

"The answer is expected by the spring of 1955," Mr. Hilton said. "And from the results we will know whether the vaccine prevents paralytic polio. In the meantime, the Polio Foundation is taking a calculated risk and has pledged \$9,000,000 of the funds it hopes to raise in the 1955 March of Dimes to provide the vaccine for every first and second grade youngster in America."

Mr. Hilton, who is secretary of property and supplies in Governor Pine's cabinet, is a former national commander of the Veterans of Foreign Wars. "I urge all my fellow Pennsylvanians to back up the 1955 March of Dimes. The production of this vaccine must not be halted for lack of funds," he said.

For one-eighth of the earth's inhabitants the Koran, or holy book of Islam, is the perfect expression of all theology, wisdom and science. The Moslems believe that the Koran is the

word of God uttered by the Angel Gabriel and received and recorded by the Prophet Mohammed.

The word Koran means a discourse. The book is meant for narration for it is in recitation that the cadences of its scholarly, stately Arabic are best appreciated. Its prose has served to keep the Arabic language intact. While there is variation in the dialects in the Arab East, all Moslems understand the classical language of the Koran because they learn to recite it at an early age.

The book has been translated into some 40 languages but no rendition matches the original Arabic because the cadence and

sweep are somewhat lost in translation. One of the first English translations, published in 1734, was made by a British lawyer, George Sale. It is still considered one of the most reliable translations.

Significant quotations from Sale version include:

"Turn, therefore, thy face towards, the holy temple of Mecca; and wherever ye be, turn your faces toward that place."

"Of His mercy He hath made for you the night and the day, that ye may rest in the one, and may seek to obtain provision for yourself of His abundance, by your industry, in the other."

"God obligeth no man to more

than He hath given him ability to perform."

At the thousand-year-old Moslem university, al-Azhar in Cairo, the Koran is still the foundation for the course of study. For the Moslems the Koran not only sets forth their spiritual principles, it is their manual for wisdom and law as well. It is also the model for many Arab authors, who strive to imitate its measured prose.

Each chapter of the Koran is called a surah, the Arabic word for a step or a degree. There are 90 surahs written while the Prophet lived in his birthplace, Mecca, in what is now Saudi Arabia. These chapters belong to the early period and growth of the Moslem religion and

stress the unity of Allah. His attributes, the moral duties of man and his eventual rewards or punishments. The remaining 24 surahs belong to the Prophets' sojourn in Medina, where in legislative material and regulations which still govern the legal conduct of Moslems.

Historical narratives from the Bible have their counterparts in the Koran. Adam, Noah, Abraham, Ishmael, Lot, Joseph, Moses, Saul, David, Solomon, Elijah, Job and Jonah are mentioned. These Biblical stories are used to point up the moral that God rewards the righteous and punishes the wicked. Of the New Testament personages only Jesus, who is

called Isa in the Koran, Mary, John the Baptist, and Zachariah are emphasized.

The greatest similarity between the Koran and the Bible exists in the Pentateuch or first five books of the Bible. This comparison is drawn between the laws and commands given by the Lord to Moses and other early prophets and the legal precepts of the Koran.

From Morocco in North Africa to Mindanao in the Philippines and from Turkey to Tanganyika, the followers of Islam find their spiritual, moral and legal code in the 80,000 words of the Koran.

FREAK ACCIDENTS

In Forth Worth, Tex., W. A. Daniel Jr. was listening intently to a talk on safety in an aircraft plant. Displayed proudly on the wall above him was a hard-won safety plaque. Suddenly everything went black for Mr. Daniel. The safety plaque had fallen and bopped him on the head!

Well, there it is—the new and different way of life. Care to try it? Or would you just as soon go on living the humdrum life you lead?

In St. James, Mo., two Safe drivers were cited for reckless driving after a collision. Both were residents of nearby Safe, Mo.

## Social Security Has Become Farmers' Business Since Jan. 1

By FRANK S. ZETTEL  
Adams County Farmington

If you're in regular business as a farmer, the new Social Security law is part of your farm business. This new law has just gone into effect, as of the first of the year. Starting now, all those who make as much as four hundred dollars profit in a year will have old age and survivors' protection. Participation in the program is not voluntary. In fact, everyone who qualifies must take part.

Farm operators contribute three per cent of their net income to a fund while they are working. When earnings stop because of retirement at age or older . . . or because of death . . . payments are made from the fund to the operator and his dependents, or to his survivors.

If you are a self-employed farm operator making more than four hundred dollars a year, then get a social security card from your nearest social security office. Doesn't cost a thing. The nearest social security office is York. However, you can pick up application forms to mail in from the employment office in Gettysburg.

Nothing further is necessary until you make out your income tax return for 1955 early in the spring of '56. There will be space on the tax blank for figuring out what you owe the social security system. Then you pay that amount, along with your federal income tax.

Generally speaking, persons who will come under social security for the first time in 1955 can become insured for the payment of benefits as soon as they have earned Social Security credits for a year and a half.

### Care Of Market Eggs

Eggs will not freeze until the temperature gets below twenty-nine degrees, but for best results you should hold them in a temperature between forty and forty-five degrees. It is also very important that the storage room have about seventy-five per cent relative humidity.

If the eggs are held in a house cellar in which you have a furnace, the chances are that they will not make the top grade. The furnace usually keeps the cellar too warm and too dry.

A small section of the cellar can be partitioned off with building board to make a satisfactory egg room. A high humidity can be maintained in this room by hanging up wet bags or spilling water on the floor or wall.

A few empty cases should be stored in the egg room for several days in advance of the time that they will be used for the eggs so that they will absorb moisture. If you put eggs into very dry cases, the packing material and the case will absorb moisture from the eggs. The chances are then that these eggs will have large air cells which are objectionable. The eggs should be

packed daily, even though the holding conditions are considered satisfactory.

If you will candle a few of your eggs that are two or three days old, you can determine whether the holding conditions are satisfactory. Large air cells, mottled condition of shell, and considerable mobility of the yolk when the eggs are turned before the candle . . . any of these would indicate that the holding room was too warm and dry.

### Better Melons Than Ever

Pennsylvanians will be eating better melons than ever, thanks to efforts of the Pennsylvania Agricultural Experiment Station. Dr. Russell E. Larson has developed the new Pennsweet melon . . . and the Council of Judges for the All-American Selections have voted the variety the Bronze Medal Award. Seed stocks have been built up, and leading seed houses in Pennsylvania and surrounding states are now listing the Pennsweet melon in their current catalogs.

Outstanding characteristics of Pennsweet are its earliness, small fruit size, excellent flesh thickness, and very high quality. The Pennsweet melon is an early-maturing, uniform, true-breeding muskmelon, resulting from a cross of an unnamed breeding strain and Golden Gopher. The original cross was made in 1954 and a pedigree system of breeding followed through the remainder of the program.

The new variety has performed well in several areas of Pennsylvania, as well as in Iowa, Michigan, New York, and Idaho . . . and in Texas and Ontario, Canada, too.

## CONVICTS BACK IN TWO HOURS

POTTSVILLE, Pa. (P)—Two convicts walked to freedom from the Schuylkill County Prison yesterday but were back in custody in less than 2 hours.

Warden Walter Scheipe identified the pair as William Dieter, 20, of Tower City, and John Unusconage, 22, of Llewellyn.

The two walked out of the prison as an ash truck entered the gate. They were picked up 90 minutes later at a nearby farm by state police.

The warden quoted the pair as saying they tried to hitchhike a ride but that motorists apparently passed them by because of their prison uniforms. They offered no resistance when captured.

Dieter was serving a term for assaulting a police officer and Unusconage for forgery.

The flesh is extra sweet with a sugar content (refractive index), as they call it, of up to 15% of the juice. Flesh color is salmon to orange . . . and because of the extreme flesh thickness, the seed cavity is very small. This year, try buying or growing the new Pennsweet melon, for a real taste treat.

Ever try adding some freshly-grated Parmesan cheese to a dressing for a tossed green salad? It adds zest and makes a pleasant flavor change.

## Three Airmen Killed In Car-Bus Crash

CHANDLER, Ariz. (P)—Three airmen were killed and 11 other persons injured, two critically last night in the collision of a bus and a car on a state highway between Chandler and Mesa.

The dead, among six occupants of the car, were all from Williams Air Force Base and were identified as A. I. C. Frank Potter, Jr., 28, Coatesville, Pa.; A. C. Clifford Dallas, 20, Atlanta, Ga.; and A. C. Art Potter, 24, Manchester, Ky.

Police said the collision occurred just after the car pulled onto the highway from a side road.

The car came to rest under a sign reading: "Drive carefully, save a life, it might be yours."

### ILL 57 YEARS, DIES

HOUSTON, Tex. (P)—Dr. Julius H. Johnson, who retired from medical practice 57 years ago because of bad health, died yesterday at the age of 97.

Women are eligible by law to serve on juries in 44 states, the District of Columbia and all territories.

## U.S. CITIZEN BEING HELD IN PANAMA PROBE

PANAMA (P)—Panama police held a 34-year-old U.S. citizen incommunicado today in connection with Sunday's slaying of President Jose Antonio Remon. They were questioning at least 70 suspects in the gang-style murder.

Police said they picked up Martin Irving Lipstein—tentatively described as a schoolteacher from New York—at the airport 24 hours after Remon and two other men were shot to death at Juan Franco race track.

Authorities said they had released another U.S. citizen, Roy Bettis, 36, a native of Waukegan, Ill., who is employed by the Canal Zone administration but lives in Panama City. Bettis was questioned about the activities of one of his truck drivers on the night of the murder. National guard headquarters in Chiriqui province 200 miles west of here.

Arias, an arch political foe of Remon, was picked up at his plantation 300 miles west of here shortly after the slaying. Authorities later said the murder weapons were German-made Schneisser machine guns of a type confiscated from Arias previously.

Arias was ousted from the presidency in 1951 in a coup headed by the national guard force, then under Remon. Remon was elected president for a four-year term in 1952.

Police were tight-lipped about Lipstein, but reliable sources said tests made of his clothing showed traces of gunpowder. Informants said police became suspicious because of his unkempt appearance and his excited reaction Monday when told he could not leave Panama because outgoing flights had been canceled.

Want Some Answers  
Authorities said they were trying to find out why Lipstein had sailed for Italy from Vera Cruz, Mexico, Dec. 17, then decided to disembark at Guaira, Venezuela, and come to Panama.

Reliable sources said Lipstein was a native New Yorker, educated at the University of Southern California. They said he had taught school in Los Angeles two years ago.

## Carpet Institute Gives Merit Awards

CHICAGO (P)—The Carpet Institute last night presented awards for retailing merit and excellence to nine retailing establishments.

The presentation was made at the annual dinner of the Chicago Floorcovering Assn. during the International Home Furnishings Market. A plaque was presented to each firm.

A retail merit award went to Hummel's, Pottsville, Pa., furniture class.

## Laborer Shoots Self And Wounds Wife

CATAWISSA, Pa. (P)—Joseph Gosceminski, 65, a laborer, shot himself to death last night, police said, after wounding his wife, Frances, twice, in a quarrel in the couple's home.

Mrs. Gosceminski is reported in good condition in Bloomsburg Hospital. One bullet fractured her right forearm and the other creased her abdomen.

In fact, Gold Bond Twinsulation installed in your attic not only keeps your rooms warmer in winter; it also keeps them cooler in summer.

The fire-safe rock wool, an excellent insulator itself, together with the foil/aluminum reflective blanket surface provide a double bar against the passage of heat either way. Wherever the blanket faces a minimum 3/4" air space, its surface reflects back radiated heat.

So you see, Twinsulation keeps heat where you want it all year round—outside in summer, inside in winter. Makes your home more comfortable; pays for itself in permanently lower heating—and cooling—bills. Simple to install.

## GOVERNMENT PUTS BRAKES ON STOCK MARKET

By FRANK O'BRIEN  
WASHINGTON (AP)—The government put out a moderately restraining hand toward the surging stock market today, calling for purchasers of stocks to put up at least 60 per cent cash instead of the previous 50 per cent.

The action, announced by the Federal Reserve Board late Tuesday, was promptly protested by the New York Stock Exchange president, Keith Funston, as restraining "the proper function of the market and the free interplay of the basic law of supply and demand."

The increased "down payment" is effective on stocks bought Wednesday and hereafter.

Near '29 Peak  
The stock market has been advancing steadily for more than 15 months, and since the November elections it has been surging ahead with almost unprecedented speed.

The Associated Press average of 60 stocks stood Tuesday at \$156.40, a level topped only by the peak of \$157.70 on Sept. 3, 1929, shortly before the big Wall Street crash. There were no federal cash minima in 1929.

The government has no authority to regulate stock prices. A 1934 law authorizes the reserve board only to "prevent the excessive use of credit" in the stock market. The theory behind the action is that a hike in the cash requirement will cut down on speculative buying. The requirement could have been raised to 100 per cent.

Margin Buying Light  
New York brokers generally agree that speculation on margin is not a major factor in the present boom. The ratio of money borrowed by brokers to lend for margin trading is only about 1 per cent of the value of all securities listed on the New York Stock Exchange. In 1929 it was nearly 10 per cent.

It was possible the action might even stimulate market activity. Some officials conceded the boost in margin requirements might be taken by many investors as indicating the government thought the market would continue to advance.

ADVERTISE IN THE TIMES

## OPPOSE LOAN UNIT IN YORK

WASHINGTON (AP)—A hearing examiner for the Federal Home Loan Bank Board heard arguments Tuesday for and against establishment of a savings and loan association in York, Pa.

A dozen witnesses appeared before A. W. DePoto in a five-hour long hearing at which their testimony and various exhibits were placed on the record. The hearing was postponed 20 days to allow for the filing of briefs by both sides.

Among those supporting the proposal was W. M. Stout, vice president of the Federal Home Loan Bank of Pittsburgh, who testified that York is a thriving city of varied industries that needs the type loan and savings service a federally insured saving association could provide.

The opposition was headed by the York Clearing House Assn., part of whose membership includes York's seven banks. The clearing house group argued that existing facilities are meeting adequately the city's financial needs.

## Woman Dies After Attempting Suicide

CHESTER, Pa. (AP)—A 56-year-old woman found near death in Deshong Park apparently attempted to drown herself and then changed her mind, police report.

Mrs. Alice Irons died in Chester Hospital Tuesday an hour after she was found unconscious in the mud near the shallow park creek. She was clad in a bathing suit over her undergarments.

Det. Capt. Paul J. McKinney said the woman apparently decided to commit suicide and then thought better of it. He said she had bruises on her body probably caused when she struggled up the embankment from the water.

An autopsy revealed she died of shock and exposure. Her husband, who identified the body, said the woman was a victim of muscular dystrophy. The couple lost a son recently in an automobile accident.

## HOOVER ASKS EXTENSION OF REVAMP POWER

By STERLING F. GREEN

WASHINGTON (AP)—Former President Herbert Hoover has asked Congress to extend for two years President Eisenhower's power to merge, abolish and reorganize federal agencies.

In a progress report, Hoover said his second commission on government reorganization will begin filing "within the next few weeks."

reports and recommendations for cutting costs and improving efficiency in the executive branch.

Hoover said the 12-member commission unanimously recommends extension of the Reorganization Act. Under this authority, White House plans for streamlining the government become law automatically unless disapproved by the Senate or House within 60 days after the plans are filed with Congress. The authority expires April 1.

### Six Reports In

Six of the commission's task forces already have prepared reports, Hoover said, and all 14 will have completed this spadework in April.

The commission therefore has

reached "the final stage of its work," Hoover said—that of considering the task force reports and hammering out its own recommendations. The latter will be sent to Congress in perhaps as many as 17 or 18 instalments before the end of May.

The reports are expected to result in the preparation of dozens, perhaps scores, of bills and presidential plans before the present session ends.

### Created In 1933

Recommendations of the original Hoover Commission, made in 1949, resulted in adoption of 39 reorganization plans and 58 public laws by the 81st, 82nd and 83rd Congresses. Unofficial estimates have placed the ultimate savings to the

taxpayers at 4 billion dollars a year.

The second commission was created in July, 1953, and is under orders to go out of business next May 31. Hoover told Congress today that "it is the expectation of the commission" that the deadline will be met.

Because four task forces have been created since the commission's funds were authorized, Hoover said, "it seems probable that the commission will require a modest additional appropriation to complete its work." To date \$2,585,059 has been received.

So far, Hoover said, reports have been received from the task forces on lending agencies, medical services, personnel and civil service,

legal services and procedures, and surplus property. The first of two reports is on hand from the group studying "paperwork management."

Final task force reports are due this month on budget and accounting and on the government's subsistence services, and in February on real property and water resources and power.

March, Hoover said, probably will bring in the task studies on intelligence activities, overseas economic operations, federal procurement and the second portion of "paperwork management." The task force on the Department of Defense, which has five subcommittees at work, is expected to report in April.

### WINS BACK PAY

HARRISBURG (AP)—The state Justice Department has ruled that Chairman Frederick T. Gelder of the State Liquor Control Board is entitled to \$27,000 in back pay.

## HERBERT COHEN PLANS STUDY OF STATE BOARDS

HARRISBURG (AP)—An investigation of the functions of all state commissions, boards and agencies will be one of the first projects to be undertaken after Gov.-elect George M. Leader takes office Jan. 18, a Democratic source said today.

Herbert B. Cohen, already designated as Leader's choice for attorney general, said the checkup will concern such groups as the State Liquor Control Board, the Milk Control Commission and the Public Utility Commission.

Cohen said he could venture no opinion on whether the liquor board is an arm of the legislature until the study has been made.

Only yesterday Atty.-Gen. Frank F. Truscott ruled that the board is a legislative arm and that its members therefore are not subject to a constitutional ban on receiving

## Former Mayor Gets Prison Sentence

ERIE, Pa. (AP)—Former Mayor Thomas W. Flatley, who pleaded guilty to charges of violating his oath of office and conspiracy in an alleged 20-million-a-year gambling syndicate, today was sentenced to from 1½ to 3 years in the Allegheny (Pittsburgh) County Workhouse and fined \$1,500.

Flatley, one of 36 persons indicted by an Erie County grand jury following arrest by state police in a gambling raid last October, broke down and wept on hearing the sentence by Judge J. Elmer Evans in Erie County Criminal Court.

pay increases approved during their term of office.

With Two Others

In making the ruling, Truscott placed the board in a category with the milk control and public utility commissions, already declared legislative arms by the State Supreme Court.

The ruling cleared the way for liquor board Chairman Frederick T. Gelder to collect some \$27,000 in back pay. The widow of the late Frank D. Armstrong, another board member, also will be eligible for some \$12,000 in Armstrong's back pay.

Both Gelder and Armstrong were serving under appointments made previous to pay boosts approved by the 1949 General Assembly and until Truscott's ruling were not believed eligible for the extra pay although their successors would be.

May Freeze Jobs

The Truscott ruling also raises the possibility that the incoming Democratic administration may not be able to replace Republican members of the Milk Control Commission until their terms expire.

This too stems from classification of that commission along with the PUC as a legislative arm-made by the Supreme Court—rather than as executive arms, subject to the governor.

In the case of the liquor board this question is academic since all Republican appointments have expired.

Whether Truscott's decision on the liquor board will be accepted by the incoming Democratic administration, however, is problematical.

Claims Different

One legal source advanced the argument that the board differs from the PUC and Milk Control Commission in that it fixes prices without public hearings and without investigation of prices in the interest of the public.

"The function of the board is a merchandising one—in which it sets prices of alcoholic beverages for its own sales," the source maintained.

The element of public interest and a fair price for sellers and buyers does not enter into such price-fixing, he said.

## EMMITSBURG'S FIREMEN HAD 48 CALLS IN '54

The Emmitsburg Volunteer Fire Company submitted its yearly report for 1954 showing 48 calls. The average number of men, per call, was 26. The total man hours used fighting fires was 975. There were 33 day calls and 15 night calls. The total in property damage was \$16,585.

Among the calls, 21 were field fires, nine chimney fires, four barns, three cars, two trucks, three dump fires, two chicken houses, and one house fire, one garage, one road roller and one hay shed.

The fire company is completely out of debt, although it has the most modern equipment. At present, there are 100 active members and nine social members.

Retreat Scheduled

A Retreat for the Holy Name Society will begin this evening at 7:30 o'clock. The Rev. John Henry, C.M., a member of the Mission Band of Germantown, Pa., will conduct the services each evening, through Sunday. There will be a sermon each evening and special devotions, followed by Benediction.

Confessions will be heard on Saturday from 4 to 6 p.m. and from 7:30 to 9 p.m. The 7 a.m. mass on Sunday will be for the Holy Name Society and it is hoped that every one of the Junior and Senior members, especially the fathers and their sons, will receive Holy Communion. It is especially urged that entire families partake of the Most Holy Sacrament of the Eucharist on this day when the church celebrates the significant Feast of the Holy Family.

Mr. and Mrs. Clarence Brown, Lantz, Md., were dinner guests of Mr. and Mrs. Louis Rosensteel on Monday evening.

The Retreat will close on Sunday evening with solemn reception of new members into the Holy Name Society at 7:30 p.m. On Monday evening the society will hold a social at 8 o'clock in the school hall. Highlights of the gathering will be election of officers, refreshments and games.

Town Council Meets

The Burgess and Commissioners held their monthly meeting at the fire hall. Commissioner Thomas J. Pralle, president of the board, presided. Also present were Burgess Thornton Rodgers, Commissioners Charles Fuss and Wales Rightenour.

A delegation consisting of James Arnold, George Naylor and David Martin, representing the residents of the east end of town, petitioned the commissioners for lights in the alleys in that section. There was no report on the sewer extension because the firm of engineers making the survey had not yet completed their work.

Chief of Police Dan Kaas reported

De Lois Faulkner, 20, of Sallisaw, Okla., stands in the winner's circle of cotton bolls after winning the Maid of Cotton contest at Memphis, Tenn., Wednesday evening. The honey blonde, a recent graduate of Oklahoma A&M, holds six other "Queen" titles. She won out over 21 other girls.

## Eisenhower Drafts Defense Plan To Curb Reds And Save World From Nuclear Disaster

By ELTON C. FAY

WASHINGTON (AP)—President Eisenhower outlined today a defense program designed to deter Russian aggression and help save the world from a "nuclear holocaust."

Then he told Congress in his State of the Union message that "these emphases in our defense planning have been made at my personal direction after long and thoughtful study. In my judgment, they will give our nation a defense accurately adjusted to the national need."

In the face of Democratic questioning of proposed cuts in Army strength, he said the forthcoming military budget, due for presentation on Jan. 17:

1. "Emphasizes modern airpower in the Air Force, Navy and Marine Corps."
2. Intensifies attention to new weapons, "especially those of rapid and destructive striking power."
3. Assures maintenance of "effective, retaliatory force as the principal deterrent to over aggression."

Until there is world agreement on armament limitations, the President said, "we must continue to improve and expand our supplies of nuclear weapons for our land, naval and air forces while, at the same time, continuing our encouraging progress in the peaceful use of atomic power."

The President put early in his address his warning about the steadily growing strength of Russia in nuclear weapons.

"To protect our nations and our peoples from the catastrophe of a not England."

nuclear holocaust," he said, "free nations must maintain countervailing military power to persuade the Communists of the futility of seeking their ends through aggression. If Communist rulers understand that America's response will be swift and decisive—that never shall we buy peace at the expense of honor or faith—they will be powerfully deterred from launching a military venture engulfing their own peoples and many others in disaster."

Must Keep Strong

Eisenhower said that while aiming at the goal of realistic limitations of armaments and enduring peace, the United States must "maintain powerful military forces because there is no present alternative—forces designed for deterrent and defensive purposes alone but able instantly to strike back with destructive power in response to an attack."

Eisenhower urged enactment of "several important measures" of concern to the military, including:

1. Extension of the draft act, providing for two-year service. The present law expires next June 30.
2. Measures, to be detailed to Congress Jan. 13, designed to increase the attractiveness of military service as a career and check the falling rate of re-enlistments.
3. "A program to rebuild and strengthen the civilian components of our armed forces." This refers to the reserve program.

Congress in the past has been cool to any form of Universal Military Training.

One of the reasons so many people shop regularly at ACME is the high quality, year after year, of its meats. Small wonder—when ACME meat buyers speak of "meat" and "high quality" in almost the same breath. In fact, ACME has its own special Lancaster Brand meats that must pass "sky-high" quality tests or they aren't acceptable.

How can ACME be sure all its meats are juicy, tender and tasty? Simply by having its own expert meat buyers select choice lambs and beef, special hams and fine pork and veal. Try one of ACME'S Lancaster Brand cuts yourself — pre-packaged for your convenience. You'll make a wonderful discovery.

## IKE APPROVES PAY BOOST FOR SOLONS, JUDGES

WASHINGTON (AP) — Urging a "long overdue" salary increase for members of Congress and federal judges, President Eisenhower today got behind a drive already under way in Congress.

Eisenhower told the House and Senate the boost should be to "a level commensurate with their heavy responsibilities." He did not recommend any specific salary figures in his State of the Union message.

However, Chairman Celler (D-NY) of the House Judiciary Committee already has introduced a bill to give Congress members and most federal judges an 80 per cent pay boost. Celler has given the legislation top priority for consideration by his committee. He said in an interview the House will get a chance to vote on it within a month, if he has his way.

"It will be passed, too," Celler said. In his message, Eisenhower also served notice he will ask shortly for a boost in postal and Civil Service worker pay, together with an increase in postal rates.

"In considering human needs,"

## Torquato May Get Cabinet Position

HARRISBURG (AP) — Capitol sources speculated today that chances of John R. Torquato, Johnstown, of being named secretary of labor and industry may have been advanced at a conference here with Gov.-Elect George M. Leader.

Neither Leader nor Torquato, Cambria County Democratic chairman, would comment at the end of their conference yesterday. Leader left the city later for Pittsburgh.

Torquato was reported to have been Leader's original choice for the cabinet post but a group of labor union leaders urged the appointment of A. Allen Suow, director of the Pennsylvania State Employment Service.

he said, "the federal government must take special responsibility for its citizens in its direct employ."

"On Jan. 11 I shall propose a pay adjustment plan for civilian employees outside the postal field service to correct inequities and increase individual pay rates, and I shall also recommend voluntary health insurance on a contributory basis for federal employees and their dependents."

"Also on Jan. 11 I shall recommend a modern pay plan, including pay increases, for postal field employees."

"As part of this program, and

to carry forward our progress toward elimination of the large annual postal deficit, I shall renew my request for an increase in postal rates."

Celler, who introduced the pay hike measure at the opening of the new House session yesterday, said he will ask the Judiciary Committee to consider it within the next few weeks. House leaders don't want to delay action on the bill until next year, when all House members are up for election.

Separate legislation to raise the pay of postal workers and all other federal employees by perhaps 5 to 10 per cent is scheduled for early consideration by the House Post Office and Civil Service Committee.

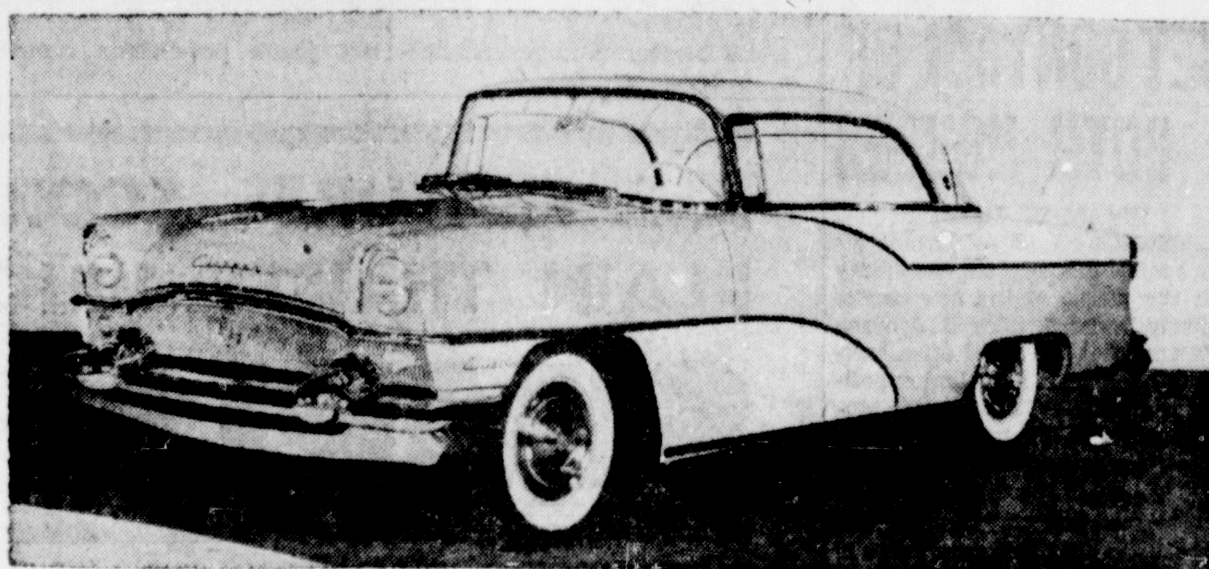

Celler's bill follows in general the recommendations of a special commission created by the last Congress to study congressional and judicial pay scales.

"The increase in the cost of living, the increase in comparative salaries in business, the inequities within the whole government salary structure amply justify these adjustments," Celler said.

His bill would make the pay of members of Congress \$22,500 annually, exclusive of a \$2,500 expense allowance. Congressmen now receive \$12,500 plus the \$2,500 expense item.

brings to American cars the first major improvement in riding comfort and riding safety since the introduction of front-coil springing in 1934. The Torsion-Level Ride is standard equipment on all Packard models and on Clipper Custom models.

Packard Torsion-Level Ride pro-

vides these long sought riding qualities: A constant flat, level ride; adequate load-carrying capacity with less susceptibility to bottoming or bumping on the rear axle over rough road surfaces; constant riding height regardless of load, and an improved boulevard ride which, at the same time, gives greater stability in handling at higher speed ranges permitted on modern highways.

The Packard V-8 engine has already had its endurance, speed and

performance characteristics certified to by the American Automobile Association Contest Board. A Packard V-8 powered sedan has completed a 25,000-mile endurance run during which it eclipsed every stock car performance on the record books. For the 25,000-mile run, the Packard V-8 averaged 104.737 miles per hour, including all stops.

The distance around the world is 24,902 miles.

## "FREE YANKS" CONFAB OPENS

TOKYO (AP) — U.N. Secretary General Dag Hammarskjöld met today with Red China's Chou En-lai and presumably went right to the point of his trip halfway around the world—the 11 American airmen the Reds convicted of espionage.

Peiping radio made the briefest acknowledgement of the meeting, saying only that Hammarskjöld met Chou, premier and foreign minister, at 3 p.m. The broadcast pointedly omitted any mention of the purpose of Hammarskjöld's trip.

Chou and Hammarskjöld first met yesterday when the U.N. official paid a courtesy call shortly after his arrival by plane. They met again at a cocktail party and then at dinner last night.

U.N. sources have said Hammarskjöld expects to wind up the conversations with the Chinese Communists this weekend and head back to the United States.

Sitting in with Chou were Chang Han Fu, vice foreign minister; Prof. Chou Keng Sheng, adviser to the Ministry of Foreign Affairs; and Tung Yueh Chien, director of the Department of International Organizations and Confer-

## Three Boys Face Charge Of Murder

PHILADELPHIA (AP)—Three teenage Philadelphia boys today faced murder charges in the slaying of a Springfield Township tavern owner during a robbery last Sept. 20.

Justice of the Peace William Morgan ordered the three held in Broadmeadows Prison after Delaware County Dist. Atty. Raymond Start and Chief of Detectives Earle Allen gave an account of the investigation which led to the arrests.

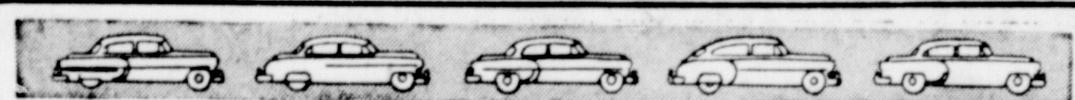

The prisoners are Jerold Richardson, 17; James P. Ryder, 18, and James Graham, 17. They were turned over to Delaware County authorities by Philadelphia police after being arraigned in Central Police Court here yesterday.

The victim of the murder at Stoney Creek Tavern was Roy E. Wunder, 45. Wunder was shot as he lay in wait for the robbers who had visited his place several times in the past.

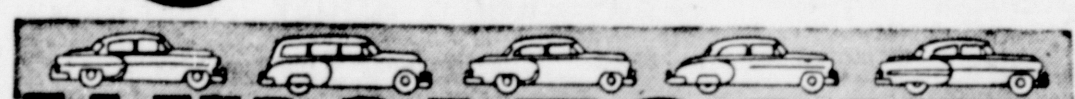

ences of the Foreign Ministry.

Peiping said Hammarskjöld was accompanied by Ahmed S. Bokhari, U.N. undersecretary; Per Lind, Hammarskjöld's executive assistant; and Humphrey Waldo, professor of international law.

BELOW-AUCTION PRICES**

**EVERY CAR FAIRLY AND  
ACCURATELY REPRESENTED**

### WARNING!

No sales made to outside dealers! We want our retail customers to get full advantage of savings made possible by below-auction prices.

We're offering used cars in our stocks at rockbottom wholesale prices to retail customers. Each year at this time we accumulate a huge stock of trade-ins on new Chevrolets... many are low-mileage, one-owner trade-ins we have regularly serviced ourselves! In past years, we have disposed of this excess inventory by selling to outside dealers in wholesale lots. This year, we offer our customers this once-in-a-lifetime opportunity of cashing in on these really tremendous savings... savings in some cases that amount to hundreds of dollars per car!

Included are some sensational values in written-warranty OK Used Cars. Come in and buy with confidence that you're being quoted the lowest of wholesale prices! It's not a sale unless the price is under the market.

## LADJINSKY OUSTER SPURS SECURITY PROBE

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — The Democrats say they will investigate the Eisenhower administration's program for getting rid of security risks among government employees.

No doubt they would have done it anyway if they had never heard of Wolf Ladjinsky and two of Secretary of Agriculture Benson's aides: John Glen Cassidy, his security chief, and Milan D. Smith, his executive assistant.

Under the Eisenhower program an employee can be tagged and fired as a security risk for all sorts of reasons, some of which have no connection with loyalty.

**Came From Russia**  
Ladjinsky, a Jew, came from Russia in 1922, was naturalized, worked for a time in 1931 as an interpreter for Amtorg, the Soviet trading agency, has relatives living in Russia, has written extensively against communism, was credited by many with doing an outstanding job for the United States in postwar land reform in Japan, where he worked for the State Department.

That department checked and cleared Ladjinsky twice for security. Last summer all the agricultural attaches were transferred from the State to the Agriculture Department.

The latter investigated Ladjinsky all over again and two weeks ago announced it didn't want him for "technical and security" reasons.

**Denied Connections**  
Ladjinsky has denied any Communist connections. There were protests from Japan, from farm organizations, from members of Congress in both parties. Some State Department officials were burned up too.

Then Cassidy, who had recommended against Ladjinsky, told reporters that Ladjinsky, in 1944

## Name Warden At Western Prison

HARRISBURG (AP)—Frank Johnston, deputy warden at the Western State Penitentiary at Pittsburgh, has been named warden at a salary of \$8,000 a year plus maintenance.

Johnston succeeds Capt. James F. Maroney of the Pennsylvania state police who has been acting warden since June, 1953.

Announcement of the appointment was made by Arthur T. Prasse, state correction commissioner, who administers all state penal institutions.

Prasse said appointment of a permanent warden at this time was in keeping with Maroney's wish to return to his duties with the state police.

Maroney served at the institution since the resignation of Dr. J. W. Claude following the January, 1953, prison riot.

Prasse lauded Maroney for his work in "returning the institution to a normal state of affairs."

and 1945, had written anti-Communist articles while members of his family were still in Russia.

Cassidy said it was doubtful anyone would write against Communists if the latter held his family in their hands unless he knew his relatives would come to no harm.

Then Smith showed reporters a letter from George N. Vitt, a Russian native now living in New York. Although Vitt says he did not mean to be anti-Semitic, his letter, approving the Agriculture Department's action against Ladjinsky, referred to Jewish refugees from Russia and said "Jews who turned into Reds" were "the worst kind of traitors."

**Leaders Protested**  
Such a letter could hardly be a reason for the finding against Ladjinsky, American Jewish leaders protested. Benson denied any "anti-Semitic implications" were intended.

As today dawned, it seemed Ladjinsky would still work for the government. Officials of the Foreign Operations Administration were reported ready to give him a job.

## DEMOCRATS TO GET CONTROL OF BOTH HOUSES

By JACK BELL

WASHINGTON (AP) — Democrats took control of Congress Wednesday with the pledge of the new Senate majority leader, Lyndon B. Johnson of Texas, that they will offer "neither blind support nor blind opposition" to President Eisenhower's program.

Both houses of the 84th Congress went through the formalities of transferring control from the Republicans to the Democrats, swore in new members and adjourned to await Eisenhower's personally delivered State of the Union message today.

That message is expected to be built around claims of prosperity at home and the nonexistence of hostilities abroad, with assurances that the GOP administration is moving to tighten the nation's defenses in an era of continuing cold war.

**Not Duty To Oppose**  
Re-elected as Democratic floor leader by a party caucus Tuesday, Johnson said in an interview he and his colleagues have "rejected the theory that it is the duty of the opposition to oppose merely for opposition's sake."

Sen. Knowland of California, the Republican leader, said he is looking forward to a "constructive session."

"I believe that on a good deal of legislation we will have cooperation between the two parties," he said.

**To Work On Tariff**

Rep. Rayburn of Texas, the incoming Democratic House speaker, has said that body will go to work first on Eisenhower's expected pro-

posal for a three-year extension of the Reciprocal Trade Agreements Act, together with additional tariff-cutting powers.

While Democrats in general like-

ly will support that proposal, Rayburn told a caucus of Democratic representatives Tuesday things were done and said by Republicans in last year's pre-election campaign

that he could "neither forgive nor forget."

**"Treason Charges"**

This was an obvious reference to "party of treason" charges the

Democrats said were aimed at them during the campaign. It also echoed previous complaints by Rayburn about some of the tactics

employed by Vice President Nixon and others.

Nixon will be presiding over a Senate going back, after two years of GOP rule, to Democratic control by the margin of one vote.

 ACUSHNET, Mass. — For a while yesterday this town was without its only police car, plainly marked "Acushnet Police." Someone stole it from in front of the police station. It was found a few hours later in the town of Dartmouth, eight miles away.

## WESTMORELAND COURT TO HEAR PHOTO BAN CASE

GREENSBURG, Pa. (P)—Westmoreland County Court will hold a hearing Jan. 20 to decide whether newspaper photographers have the right to take pictures in the county courthouse.

Six newspapermen and a commercial photographer were cited for contempt Tuesday for violating a court order prohibiting the taking of pictures in the courthouse.

They broke the court ruling deliberately, they said, to test its legality.

Cited were:  
 William Block, publisher of the Pittsburgh Post-Gazette; David W. Mack, publisher of the Greensburg Tribune-Review Publishing Co.; Andrew Bernhard, editor of the Post-Gazette; and four others employed by the papers.

**Pictures Banned**  
 The court order prohibits taking pictures of prisoners anywhere in the courthouse or jail. The newspapers assigned their staffers to take pictures at the sentencing of John Wesley Wable, convicted "phantom slayer" of the Pennsylvania Turnpike. He was sentenced to death in the electric chair.

The photos showed Wable in the courthouse corridors.

The newspapers joined in a fight on the ban last year at the time of Wable's trial. The state Supreme Court refused to hear the case on the grounds that no actual violation had occurred.

## Magnet Can Help Cow's Indigestion

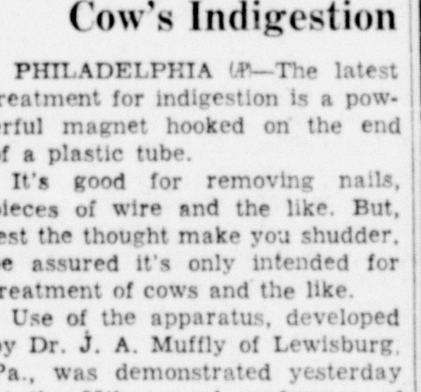

PHILADELPHIA (P)—The latest treatment for indigestion is a powerful magnet hooked on the end of a plastic tube.

It's good for removing nails, pieces of wire and the like. But, lest the thought make you shudder, be assured it's only intended for treatment of cows and the like.

Use of the apparatus, developed by Dr. J. A. Muffy of Lewisburg, Pa., was demonstrated yesterday at the 55th annual conference of Pennsylvania veterinarians at the University of Pennsylvania.

The tube and magnet are lowered down the animal's throat. The magnet then picks up the loose metal and the whole works is retrieved.

## Wife Of GOP Senator Walks Out Or. Democrat's Speech

By ED CREAGH  
WASHINGTON (AP)—The wife of a Republican senator walked out last night on a speech by Oregon's new Democratic Sen. Richard L. Neuberger assailing "character assassination" in political campaigning.

Mrs. George W. Malone, wife of the senior senator from Nevada, booed and then left the crowded Presidential Room of the Statler Hotel while Neuberger was speaking.

Neuberger, sworn in yesterday as a senator, shared the speaker's platform with Vice President Nixon and New Jersey's new Republican Sen. Clifford P. Case at the

annual congressional dinner of the Women's National Press Club.

Neuberger said a "distinguished member" of the Republican party engaged in below-the-belt tactics in the 1954 campaign.

He named no names. Some Democrats have accused Nixon of such tactics. The vice president listed Neuberger as a "left-wing" candidate at Pocatello, Idaho, last Oct. 25.

Nixon did not join in a burst of applause which greeted Neuberger's first reference to "character assassination." He did join in the handclapping at the end of Neuberger's talk, however.

By that time Mrs. Malone—

## LEADER WILL SHIFT POWERS TO PLAN BOARD

PITTSBURGH (AP)—Gov.-elect George M. Leader said today that "haphazard, unplanned governmental action" will be changed during his administration by giving new and direct powers to the state Planning Board.

The incoming governor described the Planning Board, now a part of the state Department of Commerce, as "a perfect example of what a planning body should not be."

"One of our great errors in Pennsylvania," Leader said in a prepared address to the Allegheny Conference on Community Development, "is haphazard, unplanned governmental action, which has led each administration in turn to pass its failures on to its successor."

Called Weakness  
"One of the sources of this error is the weakness of our state planning agency, buried as it is in the Department of Commerce, denied direct access to the governor, overloaded with ex-officio memberships, a perfect example of what a planning body should not be."

"This administration will change that; change it conclusively and, if we build well, permanently." The incoming governor did not spell out in detail the planned reshaping of the functions of the Planning Board after his inauguration on Jan. 18. It now is headed by the secretary of commerce as chairman and includes in its membership the secretaries of agriculture, forests and waters, highways and labor and industry.

Leader said he would like to see "the philosophy of the conference" such as represented by the Allegheny organization "spread into the affairs of the whole commonwealth."

"I would like to see a citizens' planning council organized along the pattern you have set, effectively at work in every county of the state," Leader said, adding:

"The state administration, when I take office, will be anxious to use its strength to help such agencies become established and to function. We will not want them to be an instrument of either the state government or of any political party; we will not want them to will want them to be alive, to be

be letterhead organizations. We know to friends as "Katie"—had left the room, declaring in audible tones:

"I've had all I can take."

Outside, she had a verbal tiff with Mrs. Perle Mesta, the party giver often called the official hostess of the Truman administration.

Onlookers said Mrs. Mesta, formerly minister to Luxembourg, chided Mrs. Malone for walking out on a speech by one of her husband's colleagues. Mrs. Malone reportedly contended Neuberger's speech wasn't worth hearing. Then, said the witnesses, the women exchanged some personal references.

Mrs. Malone had been seated at a table near the center of the big ballroom with her husband, a member of the GOP Senate group most friendly to Sen. McCarthy (R-Wis.). Malone remained at the table.

Some 70 senators and several hundred other persons, including a number of Eisenhower administration officials, attended the dinner.

## SEARCH GULF FOR FOUR MEN

LAKE CHARLES, La. (AP)—Planes and ships searched the Gulf of Mexico southwest of here today for four men missing after a B47 Stratojet bomber collided with another B47 and crashed.

Missing were the three members of the B47 which crashed and a crewman who parachuted from the other bomber, which was able to return to the Lake Charles Air Force Base last night.

An unidentified ship was reported to have sighted wreckage at the scene, about 30 miles southeast of the Texas-Louisiana boundary, but there was no report of any survivors.

The bombers were on a training mission. Capt. George Spotswood, public information officer at the base, said the cause of the collision was not known.

The missing men were identified as: Maj. Jean S. Pierson, Danville, Ind., commander of the crashed plane.

1st Lt. Rodney P. Eggleston, Lederland, Tex., observer aboard the crashed plane.

Capt. David O. Crump, pilot, Albemarle, N.C.

1st Lt. Matthew Genery, Lake-

alert, to win-and merit the winning community confidence and support."

Leader said that "one of the worst faults of state government, not in Pennsylvania alone, has been the attitude which sets state against city, governor against mayor, or legislative against city council."

He promised that his administration would not be "passive in its consideration of urban problems."

"We are going to be positive; we are going to do all we can to help our city areas help themselves," he added.

The incoming governor was scheduled to follow his speaking engagement with an inspection tour of mining installations at Cecil, Washington County, Pa.

## Deny Fiscal Crisis In New York State

ALBANY, N. Y. (AP)—Republican leaders today charged Gov. Harriman with "jeopardizing thousands of jobs" by temporarily banning new state construction contracts.

"There is no fiscal crisis in New York state," Assembly Speaker Oswald D. Heck and Senate Leader Walter J. Mahoney declared in a joint statement.

They said New Deal-Fair Deal advisers presumably had coached Harriman into contending yesterday that the Dewey administration had spent more money than the state took in.

"Simply is not true," the two Republicans said.

## Two Men Plead Guilty To Murder

MEDIA, Pa. (AP)—Two Delaware County men pleaded guilty yesterday to general charges of murder. Judge Arthur P. Brethrick found Benjamin F. Robinson, 34, of Chester, guilty of first degree murder for the meat-cleaver slaying of an elderly Chester woman during a grocery store holdup May 5. He will be sentenced Jan. 14.

Judge William R. Total found Lawrence S. Glass, 25, Prospect Park, guilty of voluntary manslaughter in the shooting of his father, Stanley, 45, last Nov. 13 during an argument in the family home. Glass was sentenced to one and a half to three years in prison.

Robinson fled with \$34 from the cash register after beating Mrs. Rose Iacono, 70, in her grocery store. Her head was almost severed by the beating.

## HOLD ROBBER FOR STATE CASE

LAREDO, Tex. (AP)—Earl (Kil) Smith, charged with the \$124,000 robbery of a Maryland bank last August, was ordered held yesterday for removal to Pennsylvania on a second bank robbery complaint.

The 25-year-old New York negro, held under \$100,000 bond since his arrest Dec. 22, was placed under \$5,000 bond on the second complaint by U. S. Commissioner Frank Y. Hill.

The complaint was filed in the Eastern District of Pennsylvania in connection with a holdup July 14 of the Abington Bank & Trust Co. Smith and an accomplice are charged with holding up the bank, then fleeing without taking along any loot after the alarm was tripped.

Smith has already been ordered removed to Baltimore by federal Judge James V. Alfred for trial on charges of robbing the Andrews Air Force Bank.

WILKES-BARRE, Pa. (AP)—Anthony C. Dalinsky, 59, of Mahanoy City, died early today at the Veterans Administration Hospital here. A veteran of World War I, he was admitted to the hospital last Oct. 21 as a medical patient.

advantage. . . This is the fact that these early Italian masters had wonderful instinct, the lack of self-consciousness and clarity of thought, that they know what they have to say, and stop when they have said it. They never write counterpoint for its own sake, or become bogged down in it. Nor do they find it necessary to be ponderous in order to prove they are musicians."

The program which elicited Mr. Downes' admiration consisted of works by four classical composers, Corelli, Antonio, Leonardo Vinci, (not the painter), and Geminiani, and two contemporary composers, Italy's Franco Mannino and England's Benjamin Britten. Corelli's Concerto Grosso in D was described by Mr. Downes as "one of the climaxes of the whole concert, because of the solidity as well as the vivacity and classic transparency of its style."

The Gettysburg concert will be a part of the second annual tour of the Societa Corelli. The first was arranged last year by the Italian government, in commemoration of the 300th birthday anniversary of Corelli. It drew enthusiastic press notices in New York, Philadelphia, Boston, Pittsburgh, Nashville and elsewhere.
